WiFi Channel 12 and 13 Declaration Letter

We declare the equipment identified below with regards to Channel 12 and 13 capabilities for
FCC ID: 2BG3D-HMIP888N

Declaration	
☒	Product hardware <u>does not</u> have the capability to operate on Channel 12 and 13.
☐	Product hardware has the capability to operate on Channel 12 and 13. However, these two channels will be disabled via software and will not be accessible to user.
☐	Product hardware has the capability to operate on WiFi Channel 12 and 13, and meets the requirements of KDB 594280 D01 v02r01. Please note: 1.) By default, this device operates in a mode that is compliant with the U.S. requirements. 2.) This device will also use supplemental information such as geo-location data to determine that it is operating outside the U.S., if necessary, to change its power. Such supplemental data will be derived from the following:
	☐ Global Navigation Satellite System (GNSS) ⁷ sensors in the device
	☐ Mobile Country Code (MCC), ⁸ or MCC with a Mobile Network code (MNC), received from a CMRS ⁹ carrier and received directly by a receiver on the device
	☐ Country information derived from multiple adjacent access points (for example using IEEE Std 802.11d provisions) may be permitted on case-by-case basis
☐	Other suitable geo-location data based on IP addresses or other reliable source.
