<div>Charge Your Phone With Cable</div> <p>Use a charging cable to connect the magnetic wireless power bank to your phone.</p> <div></div>	<div>Wireless Trial Equipment</div> <p>Built-in wireless charging receiver and fast wireless charging (Galaxy S9 Plus/S10/S10 Plus/Note 10/Note 10 Plus Huawei P30 Pro/Mate 30/Mate 30 Pro/P40 Pro stand charger Iphone XS Max/Xr/11/11 Pro/11 Pro Max and all support Qi devices)</p> <div>⚠ Magnetic charging equipment (Iphone 12mini/12/12Pro/12Pro Max) (Iphone 13mini/13/13Pro/13Pro Max) (Iphone 14/14Plus/14Pro/14Pro Max) (Iphone 15/15Plus/15Pro/15Pro Max) (Iphone 16/ 16Plus/ 16Pro/ 16Pro Max)</div> <div>Specification</div> <p>Capacity:1000mAh/3.85V/38.5Wh Type-C input:5V-3A/9V-2.22A/12V-1.67A(Max 20W) Type-C output:5V-3A/9V-2.22A/12V-1.67A(Max 20w) Wireless output:5W/7.5W/10W/15W Size:4*2.7*0.6inch Product weight:199g</p> <div>Standard Fittings</div> <div><div>Magnetic wireless power bank</div><div>Type-C cable</div><div>Manual</div></div>	<div>Warning</div> <p>Please make sure your mobile phone supports wireless charging,otherwise it will not be able to charge your mobile phone. Please don't use the case of your mobile phone which is more than 2mm, otherwise it will not be able to charge your mobile phone wirelessly. Please do not put metal/card and other foreign objects on the mobile phone or protective case, otherwise it will affect the wireless charging. Do not disassemble, bump, squeeze, or put this product into fire without permission, otherwise it will cause electric shock and fire. Do not use the product under severe high temperature, humidity or corrosive liquid. Avoid electric leakage due to circuit damage. Keep this product out of reach of children.</p> <div>Maintenance</div> <p>Please use a dry soft cloth to clean the surface, do not use chemicals,soap or detergent cleaning. If the mobile power is not used for a long time, it is best to store it with power, and it is best to store it in a state that retains 50% of the power. Storing it fully charged will reduce its service life; storing it without power will cause over-discharge of the battery, both of which are unfavourable to the mobile power.</p>	<div>FCC Statement</div> <p>This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with theinstructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the followingmeasures: – Reorient or relocate the receiving antenna. – Increase the separation between the equipment and receiver. – Connect the equipment into an outlet on a circuit different from that to which the receiver isconnected. –Consult the dealer or an experienced radio/TV technician for help. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment RF warning for Mobile device: The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.</p>
