KOKZI HOUSE

KOKOZI House is a player who tells the story of Ati

ARTI

Atier has various stories and songs

If you play Ati in the KOKOZI House, Ati will play interesting stories and songs.

Magic ARTI

Magic Arti is an artie that tells the story I made myself, so it hasn't been a story yet. Record the voice of your beloved family through the KOKOZI app, or capture new stories and children's songs purchased on the map in Magic Arti.

KOKOZI APP

To register Kokozi House and Magic Arti, you need Kokozi app

There's also a lot more content in the Kokozi app that you can play while your child is growing up. Download it for free from the Google Play Store or the Apple App Store.

Detailed features

Other functions

1. Sleep mode

In order to save on battery use in Kokoz House, Kokoz House enters sleep mode after a certain period of time without any action. The default for registering Kokoz House is 5 minutes, but you can change the time to enter sleep mode in the Kokoz App. To wake up Kokoz House, please tear the roof rate of the attic

2. Adjusting the LED brightness inside the Kokoz House

- Through the Kokoz app, you can adjust the brightness of the LED inside the Kokoz House to suit your child's living environment
- Running the Kokoz app > Player > Advanced Settings > LED Settings

3. Forget shuffle playback Early on repeat playback mode

Kokoji House can use the Kokoji App to Donghae Shuffle Play Forget Repeat Play function. If you want to make it early in Kokoji House, press both roofs of the attic for more than 3 seconds at the same time. The relative indicator of the attic LED will change by blinking blue for 5 seconds.

4. Initialize memory

To reset the Kokozi House, press the roof on both sides of the attic (<'>) and the AP button at the same time with the charger connected for 10 trillion times. When the initialization is complete, the "Kokozi House is premature. Please register the Kokozi House on the Kokozi app."

Download the kokozi app

Key features of the Kokozi App

Register Kokozi House and Arti

If you register Kokozi House and Arti, I can tell you the story of Arti

To use it more conveniently according to the situation

If you use the volume control LED brightness control shuffle, repetitive playback, and mobile playback with the kokozi app, you can use CocoG House more conveniently to match your child's situation

Putting a new playlist in Ati

Let's listen to more songs and stories on the kokoz app

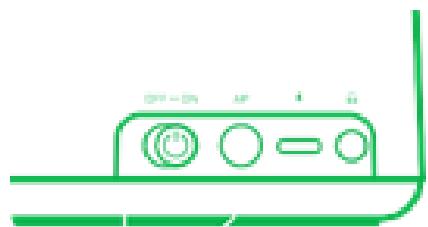

I can put new content in my Arti

Recording a Story & Inviting Guests

You can record a story for the Magic Arti

If you invite a guest, the guest who is treated can record a story to be included in the Magic Arti from a distance

Kokozi House Power On / Register

Push the power button on the rear surface of the coconut. With exciting coconut sounds like exciting chocolate sound

※ If it doesn't turn on immediately after opening Jeppong, there may be no battery, so please charge it for about 30 minutes and try again.

Please check it out first

- Is the kokoz House powered on?
- Is the kokoz house connected to the medium power cable?
- Is it possible to connect to Wi-Fi? (Only 2.4GHz Wi-Fi is possible) Is the kokoz app live?

- 1 Press the 'Register Player' button on the kokozi app.
2. Please follow the instructions on the kokozi app and register the kokozi House
- 3 If you put Arti in kokozi House, Arti starts talking and singing

Using a magic Arti

Magic Atty can contain your child's favorite sounds

Capture our family's voice recorded directly on the kokozi app and a homemade falllayment for your child

1. Running the kokozi app

2. a recording of a story

Archive > Recording > Recording a Story

3. Create Playlist

Create Playlist > Choose the story you want and
pay attention to your playlist

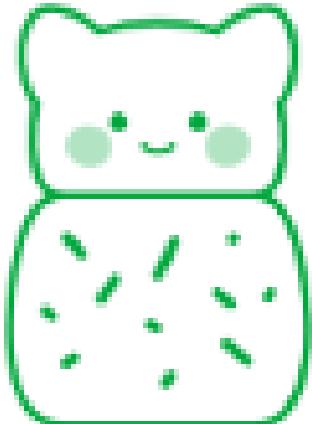

4. Listening to Magic Arti stories

Storage box > Select the playlist you want to listen
to in Magic Arti>

Put it in the Arti > Choose Magic Arti

Now, if you post Magic Artie on kokozi House, you'll play my playlist

※ If you can't hear anything from Magic Arti, please check the Wi-Fi connection at Kokoz House

How to use help

Animals Tell Me Help To Use kokozi House And Ati Without Much Difficulty If You Make

Animal Sounds While Using kokozi House, Please Listen To Help

You're a low-pitched kid. I need a Wi-Fi connection

The new Arti can't tell the story because the Kokoz House isn't connected to Wi-Fi. Please connect the Kokoz House to Wi-Fi

Please register your magic arti on the kokozi app.

It's a new magic arti, so you need to register it. Try various functions by using the magic arti through the My kokozi app

There's no magic arti left. Please tell us the story. There's no story in the magic arti yet

Please take a look at the stories recorded by Magic Arti on the kokozi app

Let's start updating the Kokoz House

Kokoz House updates periodically so that our kids can use it more easily and easily. The update will proceed on its own only when the Kokoz House is connected to Wi-Fi

Don't turn off Kokoz House when it's automatically updated. Please wait a moment

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
