

## WIRELESS MUSICAL HEADPHONE HEADBAND

Thank you for purchasing this Wireless Musical Headphone Headband. Please read these instructions carefully before use.

### Intended Use

- The Wireless Musical Headphone Headband is suitable for Bluetooth compatible device like mobile phones. Users can listen to music and conduct phone calls hands free.
- The product is for personal use only and is not intended for commercial applications.

### Safety Instructions

- Before using the product, please read the instructions through carefully and keep them for future reference.
- If you pass the product on to third party, it must always be accompanied by this User Manual.

### Dangers of Injury

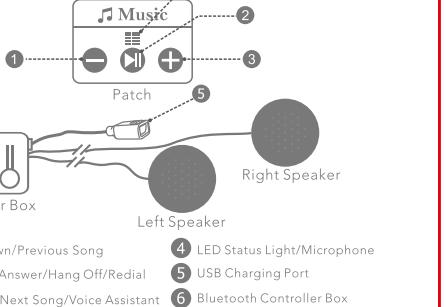

- Keep the product and the package away from children and animals, as they can swallow small parts.
- Supervise children using the product. It is not a toy.
- Always maintain a gap of at least 10 cm between the headphones and a pacemaker or an implantable cardioverter defibrillator (ICD) as the product generates magnetic fields.

### Dangers of Fire and Explosion

- Caution! Do not expose the headphones to any high temperatures over 70°C (like hair dryer, heating, prolonged sunlight etc.) The battery inside of the headphones may overheat and explode as a result.
- Only charge up the headphones in an ambient temperature of from 10°C to 40°C.

- Do not crush or pierce the battery! Do not expose the battery to high pressure, as this may cause an internal short-circuit and overheating.
- The headphones and the battery must not be taken apart, thrown into a fire, immersed in liquids or short circuited.
- If the headphones are not used for a prolonged period of time, recharge it regularly (roughly every 3 months).

### Interface

### How to Use Bluetooth

#### Pair with a Bluetooth Device

Before you can use this product through Bluetooth, it needs to be paired with your device.

- Press the **②** button for 3 seconds until the LED Status Light [4] starts to flash red and blue alternately.
- Switch on Bluetooth on your phone or other Bluetooth enabled device.
- Search and select "Musical Headband" from the list of found devices.
- If a pass code is asked for, enter "0000".

- After paired successfully, only the blue light flashes slowly.
- When powered on next time, it will search for and attempt to connect with the last paired device automatically.

#### Pair with a New Bluetooth Device

Follow below steps to pair with a new Bluetooth device:

- Make sure the headphone is disconnected with the previous paired device.
- Follow "How to Pair with a Bluetooth Device" instructions from step 1.

NOTE: To save power, the headphone will be powered off automatically if there's no Bluetooth connection for 3 minutes.

#### Playing Music

- Play/Pause: Short Press the **②** button to play or pause music.
- Adjust Volume: Long Press the **①** button or **③** button to raise or lower the volume.
- Music Selection: Short Press the **②** button or **③** button to select previous song or next song.

NOTE: Play/Pause and Music Selection functions will only work on devices which support Bluetooth profile AVRCP.

#### Call-Handling

- Answer a call: When a call coming, it will play a ring tone. Short Press the **②** button to answer. During the call, you can increase or decrease the volume by Long Press **①** or **③** button.
- Reject a call: When a call coming, it will play a ring tone. Long Press the **②** button for 1 seconds to reject it.
- End a call: During a call, Short Press the **②** button to end a call.
- Re-dial: Double Press the **②** button in quick succession to redial the last called phone number.

#### Activate/Deactivate SIRI

- Activate SIRI: Double Press the **②** button in quick succession to activate SIRI on iOS device.
- Deactivate SIRI: Double Press **②** button to deactivate SIRI.
- Talk through Microphone [4] directly to communicate with SIRI, it's the same effect with talking to iOS device.

#### Washing Guidelines

### How to Charge

Make sure the headphone is powered off, take out the Charging Port [5] from the headband. Then:

- Connect the USB Charging cable to the Charging Port [5] and the other end to a power source like PC or mains charger.
- The LED Status Light [4] will turn to red whilst charging. It will turn to blue as soon as the battery is fully charged.

NOTE: 1. It will take approx. 2-3 hours to be fully charged.

2. If the product is under using, it will stop working when charging.

### LED Indicators

STATUS	INDICATOR
Pairing Mode	Red and blue lights flash alternately
Bluetooth Connected	Blue light flashes slowly

## FCC Warning

### 15.19 Labeling requirements.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

### 15.21 Information to user.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

### 15.105 Information to the user.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against

harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

## FCC RF Radiation Exposure Statement:

1. This Transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

2. This equipment complies with RF radiation exposure limits set forth for an uncontrolled environment.

This equipment should be installed and operated with minimum distance 5mm between the radiator and your body.
