

1. Antenna Description

|                        |                                                                                      |
|------------------------|--------------------------------------------------------------------------------------|
| Antenna plate          | FPC antenna                                                                          |
| Market name/Model name | VTL-202401                                                                           |
| Manufacture            | Dongguan Junhe Wireless Technology Co., Ltd                                          |
| Manufacture Address    | Room 501, No. 33 Xiangguisi Road, Tangxia Town,<br>Dongguan City, Guangdong Province |
| Antenna Max. Gain      | 2.4G:-3.4dBi<br>5G:-2.8dBi                                                           |
| Frequency Range        | 2400-2500MHz<br>5150-5850MHz                                                         |
| VSWR                   | 1.1                                                                                  |

2. Picture of antenna

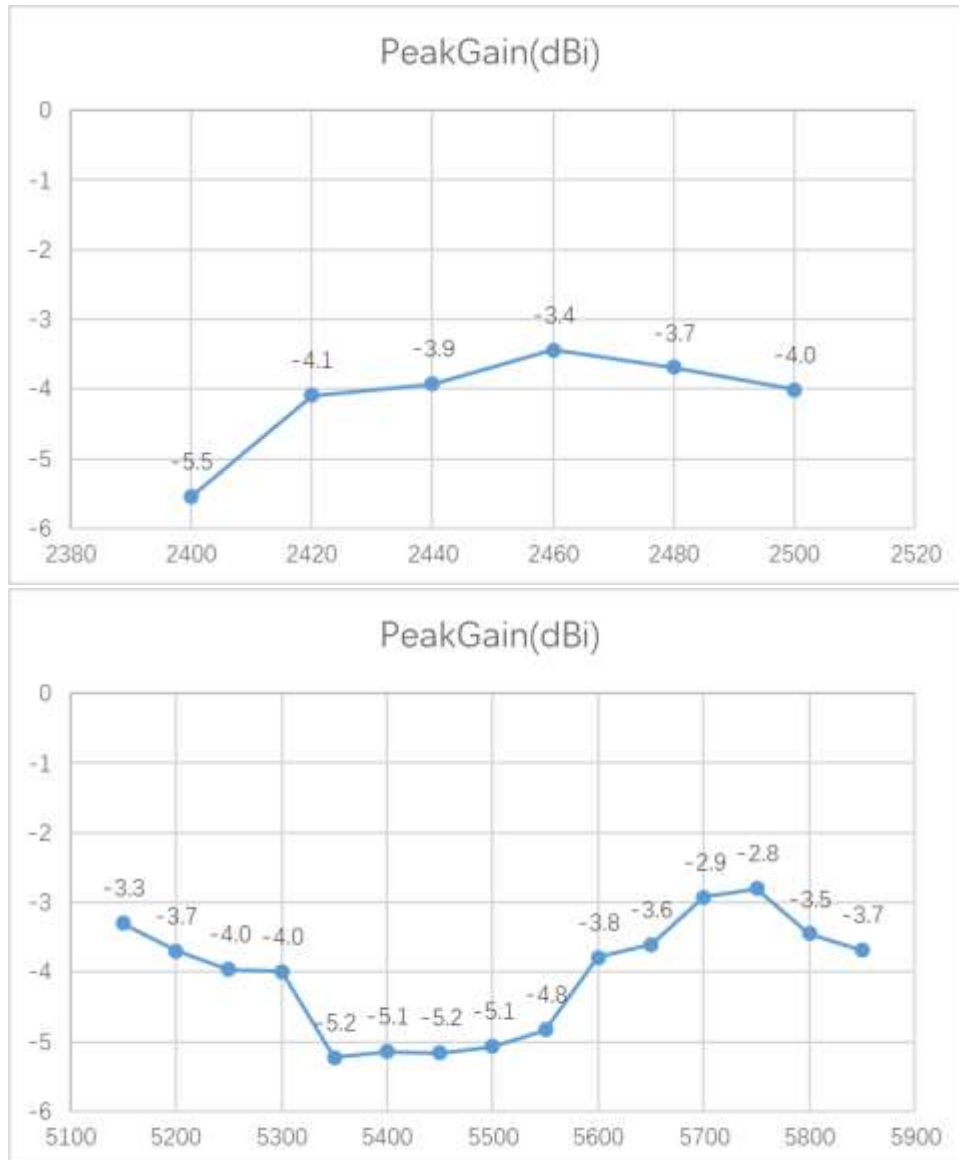

Width=5mm

Length=7mm

### 3. Antenna Radiation Pattern

#### GPS&WIFI Antenna

3D Gain Pattern(2450MHz)

3D Gain Pattern(5180MHz)
