

IMPORTANT SAFETY INSTRUCTIONS

When using electrical products, basic precautions should always be followed including the following.

READ AND FOLLOW ALL SAFETY INSTRUCTIONS

1. Do not use seasonal products outdoor unless marked suitable for indoor and outdoor use. When products are used in outdoor applications, connect the products to a Ground Fault Circuit Interrupting (GFCI) outlet . If one is not provided, contact a qualified electrician for proper installation.
- 3.This seasonal use product is not intended for permanent installation or use.
- 4.Do not mount or place near gas or electric heaters, fireplaces, candles or other similar sources of heat.
5. Do not secure the wiring of the product with staples or nails, or place on sharp hooks or nails.
6. Do not let lamps rest on the supply cord or on any wire.
7. Unplug the product when leaving the house, when retiring for the night or left unattended.
- 8.This is an electrical product, not a toy. To avoid the risk of fire, burns, personal injury and electric shock it should not be played with or placed where small children can not reach it.
9. Do not use this product for activities outside its intended use.
10. Do not hang ornaments or other objects from cord, wire or lighting string.
11. Do not close doors or windows on the product or extension cord as this may damage the wire insulation.
- 12.Do not cover the product with cloth, paper or any material not part of the product when in use.
15. Read and follow all instructions that are on the product or provided with the product.

SAVE THESE INSTRUCTIONS

Use and Care Instructions

1. When the product is placed on a live tree, the tree should be well maintained and fresh. Do not place on live trees in which the needles are brown or break off easily. Keep the tree holder filled water.
2. If the product is placed on a tree, the tree should be well secured and stable.
3. Before using or reusing, inspect product carefully. Discard any products that have cut, damaged, or frayed wire insulation or cords, cracks in the lamp holders or enclosures, loose connections or exposed copper wire.
4. When storing the product, carefully remove the product from wherever it is placed, including trees, branches or bushes, to avoid any undue strain or stress on the product conductors connections and wires.
- 5.When not in use, store neatly in cool, dry location protected from sunlight.

Instructions Manual

Federal Communications Commission Notice

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular i nstallation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
