

Pairing connection

1. Bluetooth pairing

When the left and right earphones are turned on, the left and right earphones are matched with each other immediately; Enter the matching mode after successful matching

2. Bluetooth is disconnected

Manually close the Bluetooth terminal of the phone, and the headset enters the pairing mode; The headset will be disconnected from the mobile phone after it is far away. It will return to the effective distance range within 3 minutes and can be connected to the mobile phone normally

3. Connect the phone

Turn on bluetooth, search for "FC Pro" bluetooth device, and manually connect the device for the first time

* If there is no sound on one side after the connection is successful, disconnect, put the earphone back on the charging compartment cover, wait 5 seconds before taking out the automatic pairing.

Product diagram

Charging

* Earphone charging (automatically charged when placed in the charging compartment)

Put the earphone into the charging case. The earphone automatically charges. The red light keeps on

* Charging in the charging compartment (Type-C interface)

Plug in the Type-C interface data cable to charge the charging case. The charging bay indicator blinks, and the fully charged indicator is steady on

Operation method (TOUCH)

(Call mode)

- ① Call answer: Touch 1 (left or right ear)
- ② Hang up the phone: Touch 2 times (left or right ear)
- ③ Call refused: Touch 2 times (left or right ear)

(Music mode)

- ① Play/pause: Touch 1 (left or right ear)
- ② Wake up Siri: Touch 3 times (left or right ear)
- ③ Previous song: Touch 2 times (left ear)
- ④ Next song: Touch 2 times (right ear)

Power on: Take the headset out of the warehouse and automatically power on/press the MFB button for 3 seconds to power on the headset

Power OFF: Put the headset into the charging case to charge automatically and power off/long press the MFB key for 5 seconds to power off

(The headset automatically shuts off after three minutes of not connecting to the phone)

Product Specifications

Product name: Bluetooth headset

Battery capacity: 25mAh charging case 350mAh

Charging voltage/current: 5V \pm 1A

Frequency response range: 20Hz-20kHz

Impedance of products: 32 Ω \pm 15%

Sensitivity: 103+3dB At1000Hz at0.126v

Operating/storage temperature: -10°C-50°C

Battery life: A single battery life is about 6 hours, with a charging case about 36 hours

Reception distance: 15m (standard environment)

Weight: 38.5g (charging case) 9g (binaural)

Transmission range: 2402-2480MHz

Support protocol: HSP/HFP/A2DP(SBC/AVRCP)

Transmission frequency: 2.4GHz band

(2.4020-2.4800GHz)

Charging time: 45 minutes for earphone, 60 minutes for charging case

* the above data is for reference only; the specific object shall prevail

Matters needing attention

Please store and use this product at normal temperature environment. Do not expose this product to rain or moisture. Do not throw, avoid product being damaged and cause falling. Do not discard it at will, or put it at high temperature (temperature above 60 degrees) and fire to avoid danger; Do not disassemble, repair or modify this product yourself.

Warning: The rechargeable batteries of this product must be disposed of properly for recycling. Please do not put the battery in the fire to avoid explosion.

Use tips to share

1 Because of the 2.4GHz radio wave used by Bluetooth, the equipment using this band is more common (such as wireless WIFI, etc.), the headset is easily interfered, and here may be discontinuities, which is correct. If you are unable to recover, stay away from this environment or reconnect.

2 After the Bluetooth headset is turned on, it will automatically connect to the phone that was paired last time. If you want to pair with another phone, please turn off the Bluetooth of the original phone. When the Bluetooth headset is turned on, other phones can search for devices by turning on Bluetooth.

3 When not using the headset, put the headset in the charging case, and the headset will automatically shut down and recharge the battery. If you do not have a charging case, you can manually disconnect the Bluetooth connection, and the headset will automatically shut down after about 5 minutes.

4 If you feel that the sound quality is poor for the first time, here is no heavy bass, or it is uncomfortable to wear and easy to fall, etc. It is recommended that you move and adjust the earphones to make the sound outlet closer to the ear canal.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement.

The device can be used in portable exposure condition without restriction.
