Setup Photos

For BTEK240524001AE

Radiated Spurious Emissions AC (Below 30MHz)	
Radiated Spurious Emissions AC (Below 1GHz)	
Radiated Spurious Emissions DC (Below 30MHz)	

Radiated Spurious Emissions DC (Below 1GHz)	 A photograph of a Faraday cage test chamber. The chamber is a large room with white walls covered in a grid of black metal mesh. In the center, a small electronic device is mounted on a stand. The BTEK logo and Chinese characters '邦泰检测' are visible on the wall.
Conducted Emissions	 A photograph of a conducted emissions test setup. On the left, a wooden table holds a small electronic device connected to a power source. On the right, a power distribution unit with multiple outlets is connected to a large metal shielded enclosure. A power source is connected to the enclosure. A blue and white signal generator is on the floor to the right, connected to the setup.
