## 8.Speed

After pressing the [Speed], you can use [+/-] to increase/decrease the speed continuously. The speed control has a total of 270 segments (30~300), and the default value is at the 90th segment after power-on (speed = 120)

## 9.Transpose

After pressing the [Transpose] button, you can use the [+/-] button to transpose. There are 25 segments (-12~12) for the transposition control, and the preset value is in the 13th segment after power-on. Hold [+/-] button for more than 1 second, can continuously increase/decrease the transposition. The chord pitch also changes with the transposition value.

## 10.Dual keyboard

Press [Dual Keyboard] button for the first time to activate the dual keyboard function, and press [Dual Keyboard] button for the second time to cancel the dual keyboard function. When the dual keyboard function is activated, the scales of the left keys A1 ~ B4 will be played corresponding to the scales of A2 ~ B5, and the scales of the right keys C5 ~ C9 will be played corresponding to the scales of C4 ~ C8. You can use the [+] [-] keys to select the main tone to replace the tone of the right key.

## 11.Keyboard drums

Press [Keyboard Drum] button for the first time to activate the keyboard drum function, and press [Keyboard Drum] button for the second time to cancel the keyboard drum function. When the keyboard drum function is activated, the corresponding drum sound will be played when you play the key.

## 12. Lesson

Press [Lesson] button for the first time to enter the single-key mode, and press [Lesson] button for the second time to exit the single-key mode.

After entering the single-key mode, use the current song to teach,

After the song is played, if the user presses the keys at will, it is the main melody. If the main melody does not reach the next bar, the background sound will repeat the bar until the end of the song.

Press [Lesson] for the third time to enter the follow-up mode. Press [Lesson] for the fourth time to exit the follow-up mode. After entering the follow-up mode, use the current song to teach. After the song is played, the main melody will not be played. The user must press the corresponding key according to the notes displayed on the digital tube to continue playing the next note. The background sound will play the section repeatedly until the song ends.

Press [Lesson] for the fifth time to enter ensemble mode, and press [Lesson] for the sixth time to exit ensemble mode. After entering the ensemble mode, the current song is used for teaching. After the song is played, the user can play the keys at will and interrupt the main chords. If no keys are pressed after 5 seconds, the main chord will resume playback on its own. The background sound plays in full until the song ends and the teaching will be repeated. After the song ends, will ensemble the next song.

## 13.Start/stop

Press the [Start/Stop] button for the first time to start playing the rhythm, and press the [Start/Stop] button for the second time to stop playing the rhythm.

Exit this mode under the mode of teaching, recording, playback, metronome, demo music, etc.

## 14. Volume +/-

There are [+] and [-] sequential selection, a total of 2 keys. Can be used to select the tone, rhythm, song, volume, accompaniment volume, speed, transpose quickly.

If the number pressed exceeds the maximum number of tone, rhythms or songs, the original value will be maintained.

## 15.Sync/Velocity

Press [Sync] for the first time to enter the sync mode, and press the [Sync] for the second time to exit the sync mode. When entering the sync mode, stop playing the rhythm, and then press the first 34 keys to automatically play the selected rhythm (chord). For the chord synchronization part, please refer to the single fingering accompaniment or multi-fingering accompaniment instructions.

(The default value of power on is the velocity off. Press and hold this key for 5 seconds to control the velocity on/off.)

#### **FCC Statement**

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

#### **FCC Radiation Exposure Statement:**

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled

environment .This equipment should be installed and operated with minimum distance 20cm between

the radiator& your body. This transmitter must not be located or operating in conjunction with any other antenna or transmitter.

#### **ISED RSS Warning/ISED RF Exposure Statement**

##### **ISED RSS Warning:**

This device complies with Innovation, Science and Economic Development Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2)

this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'ISED applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

##### **ISED RF exposure statement:**

This equipment complies with ISED radiation exposure limits set forth for an uncontrolled environment.

This equipment should be installed and operated with minimum distance 20cm between the radiator& your body.This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Le rayonnement de la classe b respecte ISED fixaient un environnement non contrôlés.Installation et mise en

œuvre de ce matériel devrait avec échangeur distance minimale entre 20 cm ton corps.Lanceurs ou ne peuvent

pas coexister cette antenne ou capteurs avec d'autres.

**ISED RF exposure statement:**

**This equipment complies with ISED radiation exposure limits set forth for an uncontrolled environment. The device has been evaluated to meet general RF exposure requirement.**

**Le matériel est conforme aux limites de dose d'exposition aux rayonnements énoncés pour un autre environnement. Ce dispositif a été évalué à satisfaire l'exigence générale de l'exposition aux rf.**

**Note : This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:**

- Reorient or relocate the receiving antenna.**
- Increase the separation between the equipment and receiver.**
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.**
- Consult the dealer or an experienced radio/TV technician for help.**
