WARNING

1. Never play a cracked CD or a CD is NOT clean, that would damage the laser.
2. Please remove the protection paper CD from the CD Player before powering on, otherwise, the laser could be damaged.
3. Never touch the laser of the device. Always use the dust cover to prevent dust from collecting on the laser.
4. If the device is unable to scan discs properly, use a standard commercially available cleaner to clean the laser optics. Other cleaning methods may damage the laser optics.
5. When the player finishes playing the content of the disc, it will automatically stop, and if there is no operation within the next 15 minutes The machine will enter a sleep state. At this point, you need to use the power button on the remote control to open the player Alternatively, turn off the sliding switch on the player and then turn it on to reopen the player.

Accessories:

1. CD player x 1
2. 5V-2A USB adaptor x 1
3. Remote control x 1
4. User manual x 1
5. Type-C Power cord x 1

Specifications:

1. CD format support: CD,CD-R,CD-RW,MP3,WMA.
2. FM Radio Range: 87.5MHz-108.0MHz
3. Speaker: 45mm X 2
4. Rated impedance: 4Ω
5. Speaker output: 3W x 2
6. Power supply: AC100-240V, 50Hz/60Hz
7. Power/Switch cable length: 2 m
8. Dimension of main unit/package: 189x189x69mm/207x215x77mm
9. Net weight/Gross weight: 610g/960g
10. Color: white/blue/pink/black

Main Features:

1. LED screen display
2. USB flash reading/playing
3. Full-band FM radio
4. Bluetooth V5.1
5. Standard 3.5mm audio input/output port
6. Loop Playback modes: Repeat One, Repeat All, Shuffle, Normal
7. Support A-B repeat
8. Support scheduled shutdown

Bluetooth transmission

1. Insert a disc that conforms to the format and short press the mode switch button to enter the CDMode (default is CD mode) to start playing.
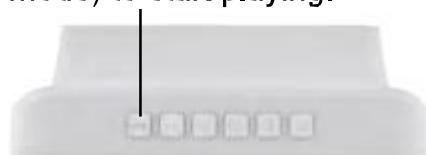

2. Turn on the headset that needs to receive Bluetooth signals, and press and hold the Bluetooth mode button of the remote control for three seconds until the Bluetooth icon player on the CD LED display flashes, and the CD player enters Bluetooth Transfer method.
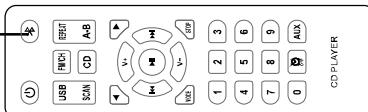

3. When the Bluetooth icon on the LED display of the CD player no longer flashes but is always onBluetooth pairing succeeded.

Note: 1.It is best not to turn on other Bluetooth devices within ten meters during pairingIf the pairing is unsuccessful, please check if there are other Bluetooth devices within ten meters Open.2.If the pairing is not successful within two minutes, the machine will exit Bluetooth transmission Pairing. Bluetooth transmission mode needs to be reopened for pairing..

Basic Operation

1. Plug in the power cable to the USB adaptor.
2. Remove the protection paper CD from the CD Player before powering on, otherwise, the laser could be damaged.
3. Put a CD into the CD Player.

Trouble shooting

1. Cannot be turned on.
Reason1: Switch is not turned on.
Solution1: Please check if the pull switch is powered on.
Reason2: The player is damaged.
Solution2: Please contact us or ask a professional for repairs.

2. Cannot read discs.
Reason1: The disc is installed incorrectly.
Solution1: Make sure the label side of the disc is facing up; Ensure the disc is inserted fully into the place.
Reason2: The disc cannot be recognized.
Solution2: The player is only compatible with CD format.
Reason3: The disc is dirty or damaged.
Solution3: Make sure the disc is not heavily scratched or damaged; Wipe the disc gently from the center radially out to the edge with a clean & soft cloth; Try another new disc to check if the disc is faulty.
Reason4: The loader is dirty.
Solution4: Wipe the laser gently with a degreasing cotton swab. Note: DO NOT TOUCH THE LASER WITH YOUR HANDS.

3. Remote does not work.
Reason1: The insulation sheet is not removed.
Solution1: Check if the insulation sheet is removed from the battery slot.
Reason2: The remote is out of power.
Solution2: Check if the remote battery is running out.
Reason3: The remote is too far from the CD player.
Solution3: Make sure the remote is in the range of a reasonable distance (within 6 meters).

4. Noisy and screaming when it plays.
Reason1: Usage time of the disk may be too long, so the disk is not smooth.
Solution1: Make sure the disc is not heavily scratched or damaged; Wipe the disc gently from the center radically out to the edge with a clean & soft cloth; Try another new disc to check if the disc is faulty.
Reason2: If there is a "Jiji" sound inside the earphone, it may be caused by scratching of the disc.
Solution2: Please change to another disc, and do not use the old one again to prevent the player from damage.

Sleep timer operation

Use the clock key on the remote to set the sleep timer.
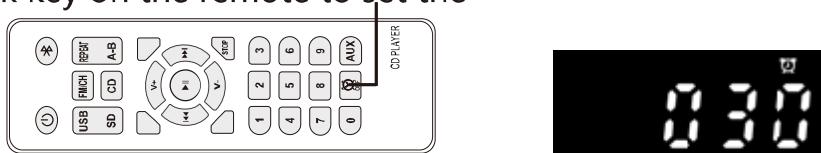

A clock icon comes out on the display while the sleep timer is activated
  Setting:
  ● time set range: 30 - 180 minutes.
  ● the sleep timer is activated by pressing the clock key once and it sets starting with 30 mins
  ● it adds 30 mins by each press which shows on the display when you are setting, the sleep timer can be set maximum 360 mins.then press one more time to turn off the sleep timer.
  ● set a time and the player starts to count down until it become standby automatically in the end

FCC warning statements:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, usesr and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement.

IC warning statements:

-English Warning Statement:

RSS-GEN ISSUE 5, 8.4 User manual notice

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

(1) This device may not cause interference.

(2) This device must accept any interference, including interference that may cause undesired operation of the device.

The digital apparatus complies with Canadian CAN ICES-3 (B)/NMB-3(B).

-French Warning Statement:

RSS - Gen version 5, 8.4 avis du manuel de l'utilisateur
Cet appareil contient un émetteur / récepteur sans licence conforme au RSS sans licence d'innovation, science et développement économique Canada.L'opération doit satisfaire aux deux conditions suivantes:
Cet équipement peut ne pas causer d'interférence.
L'équipement doit accepter toute interférence, y compris toute interférence qui pourrait entraîner un fonctionnement indésirable de l'équipement.

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment and meets RSS-102 of the IC radio frequency (RF) Exposure rules. This equipment has very low levels of RF energy that are deemed to comply without testing of specifc absorption ratio (SAR).Cet équipement est conforme aux limites d'exposition aux rayonnements énoncées pour un environnement non contrôlé et respecte les règles d'exposition aux fréquences radio électriques (RF) CNR-102 de l'IC. Cet équipement émet une énergie RF très faible qui est considérée conforme sans évaluation du débit d'absorption spécifque (DAS).

This equipment should be installed and operated with minimum distance 5mm between the radiator & your body.
Lors de l'installation et du fonctionnement de cet équipement, la distance minimale entre le radiateur et le corps doit être de 5 mm.
