- ⑦ USB port, insert with MP3 audio class files automatically switch to USB mode.
- ⑧ Sound indicator, not connected state blue light blinking, connected successfully blue light on, red light when charging, after full red light off.
- ⑨ Audio Type charging interface DC-5V
- ⑩ TF card slot, insert with MP3 audio class files automatically switch to TF mode.

Product Name: **speaker**

XM-X66 speaker size:L 106 x w 80x H 147mm

Attached:Android system requires version 4.2.2 or above, and 10s requires version 6.0 or above. Other versions are not supported temporarily, and mobile phones with independent photographing entity keys are generally not supported

Version 5.3 wireless Bluetooth music playback

Charging voltage: 5V1a

Frequency: 60Hz-18KHz

Frequency range: 100hz-10 h kHz TDH <1%

Voltage: 3.7v

Model: XM-X66

Microphone:H 135 x W 37mm

default 875 built-in lithium battery

Horn: 57mm4 6w50

Distortion of passive film: < 0.5%

Bluetooth transmission distance: linear distance 10m

Maximum sound pressure level: > 115db1

## FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. The device has been evaluated to meet general RF exposure requirement.

The device can be used in portable exposure condition without restriction.
