Warranty Terms

Warranty scope and period
1. The warranty is limited to product malfunctions caused by poor materials or manufacturing process.
2. The warranty period is calculated from the date of purchase by the customer (based on the purchase invoice). If the customer is unable to provide an invoice, a warranty period of 12 months will be provided.
3. The warranty period for this unit is 12 months (or 30,000 prints, whichever comes first).
Warranty service principles
1. The warranty service is provided to the user's nearest service center.
2. After consulting the user, the service center will provide the user with the necessary parts and labor to repair the printer.
3. The user is responsible for the shipping cost of the printer to the service center.
4. The user is responsible for the shipping cost of the printer to the service center.
5. The user is responsible for the shipping cost of the printer to the service center.
6. The user is responsible for the shipping cost of the printer to the service center.
7. The user is responsible for the shipping cost of the printer to the service center.
8. The user is responsible for the shipping cost of the printer to the service center.
9. The user is responsible for the shipping cost of the printer to the service center.
10. The user is responsible for the shipping cost of the printer to the service center.

- 1 -

Non-Warranty Terms

1. There is no warranty cost on the content of the warranty card that has been signed.
2. The user is responsible for the shipping cost of the printer to the service center.
3. The user is responsible for the shipping cost of the printer to the service center.
4. The user is responsible for the shipping cost of the printer to the service center.
5. The user is responsible for the shipping cost of the printer to the service center.
6. The user is responsible for the shipping cost of the printer to the service center.
7. The user is responsible for the shipping cost of the printer to the service center.
8. The user is responsible for the shipping cost of the printer to the service center.
9. The user is responsible for the shipping cost of the printer to the service center.
10. The user is responsible for the shipping cost of the printer to the service center.

FCC Warning Statement:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement.
