## FCC compliance statement

Model: AR0900

Argus Camera FCC ID: 2BGYBAR0900-CAM

End User System FCC ID: 2BGYBAR0900-REC

This device complies with part 15 of the FCC Rules. To ensure the compliance with FCC RF exposure limits for general population / uncontrolled exposure, the devices operation is subject to the following conditions (1) the antennas used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons, and (2) must not be co-located or operating in conjunction with any other antenna or transmitter.

In addition to condition (2) the following features of the Getac tablet supplied with the device have been disabled:

- Wireless LAN
- WWLAN
- Bluetooth
- RFID Card Reader

Any changes or modifications not expressively approved by Micro-X could void the user's authority granted under FCC Rules to operate this equipment.

Note: This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.
