

MARTUBE®

# Share Cake Bluetooth Speaker User Manual

Before using this product, please read this manual carefully and keep it properly.

# Product Introduction

# Usage Instructions

---

1. Power On: Long press the power button for 3 seconds to turn on the device. When two speakers are used together, both speakers need to be turned on at the same time. The two speakers will automatically connect to each other, and then use the mobile phone to connect to Bluetooth.

- Note: The speakers are divided into Device 1 (LIGHT) and Device 2 (FLOWER), Device 1 have a small candle light. Device 1: long press the power button for 3 seconds to turn on the device; short press the power button to switch to the night light function, and short press again to turn off the night light function. You can also use the blow hole to turn off the candle light by blowing on it; long press for 3 seconds to turn off the device.

2. Recording: Long press the record button for 3 seconds to start the recording

---

and storage function. (After the prompt sound, single-click to play the last recorded content.) In recording mode, double-click the record button again (after the prompt sound) to re-record, single-click to end the recording, single-click the record button again to play the recording, and long press the record button for 3 seconds to exit the recording function.

- Note: The device connected to the phone is the master unit. When you long press the master speaker, you can record with both units simultaneously; pressing the secondary unit will record only on that unit. For example, when the phone is connected to Device 1, Device 1 is the master unit. Using the recording function will record on both speakers simultaneously; to exit the recording function, you need to long press both devices for 3 seconds.

# **Usage Instructions**

---

**3. Volume Control:** There are two volume buttons, one for increasing and one for decreasing the volume. Single-click to increase or decrease the volume by 5%, long press the volume button to continuously increase or decrease the volume.

- Note: After connecting the speaker via Bluetooth, you can control the volume and switch songs through your phone.

**4. TWS (True Wireless Stereo) Connection:** When the speakers are connected in TWS mode, double-click the power button to disconnect and use them separately. To reconnect in TWS mode, turn off both devices and then turn them on again; they will automatically connect in TWS mode.

**5. Charging Indicator:**

- When the device is charging, the red light will be steady.

# Usage Instructions

---

- When fully charged, the green light will be steady.
- When the devices are not connected in TWS mode: the blue lights on both devices will flash quickly.
- When TWS connection is successful but not connected to a phone via Bluetooth: the blue light on LIGHT will be steady, and the blue light on FLOWER will flash slowly.
- When TWS connection is successful and connected to a phone via Bluetooth: the blue lights on both devices will be steady.
- When TWS connection is successful and playing music via Bluetooth: the blue lights on both devices will flash slowly.
- Note: If the device buttons do not respond, you can long press the power button for more than 10 seconds to clear the Bluetooth data and re-pair the devices.

# Product Specifications

---

- Product Name: Share Cake Bluetooth Speaker
- Product Model: MAR-22E-Light
- Rated Input: 5V == 1A
- Battery Type: Lithium-ion Battery
- Battery Capacity: 500mAh
- Product Weight: Net weight per unit 100g
- Rated Power: 3W
- Quality Certification: Qualified
- Product Dimensions:
- Device 1: 56.6 x 78.3 x 71mm
- Device 2: 77 x 78.3 x 71mm
- Product Material: Silicone + ABS
- Standards Compliance: GB 4943.1-2022
- Manufacturer: Shenzhen Mark Workshop Technology Co., Ltd.
- Manufacturing Address: Block Q, Shasi Industrial Park, Baoan, Shenzhen, Guangdong Province, China
- Contact Number: 0755-27203380

# Cautions

---

1. This product contains a built-in battery. Do not place near fire, or immerse in water or fire.
2. Do not squeeze or collide with this product.
3. Do not disassemble or modify the product.
4. Supervise children to ensure that children under 14 do not use this product as a toy to avoid unnecessary accidents.
5. If any abnormal situation occurs during use, stop using the product immediately.
6. Use the power adapter and the Type-C cable provided with the product for charging.
7. If the consumer uses a power adapter for power supply, they should purchase a compatible power adapter that has obtained CCC certification and meets standard requirements.

## **FCC STATEMENT :**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

**Warning:** Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
