	ET3860 antenna	Revision A	Page 1/1

Parameter	Value
Antenna type	PCB printed monopole antenna for 2.45GHz
Antenna gain	0 dBi
Antenna drawing	 The drawing shows a red printed antenna on a grey ground plane. The antenna has a horizontal top section and a vertical stem. Dimensions are: top horizontal section width 4.689 mm, top horizontal section thickness 2.205 mm, vertical stem height 16.486 mm, vertical stem width 5.0 mm, and a small gap of 1.27 mm between the stem and the ground plane. A green arrow points to the 'Feed point' on the top horizontal section.
