

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	
Solder Board-Component View 1	

Solder Board-Component View 2	 A photograph of a green printed circuit board (PCB) component, likely a camera module, positioned on a blue textured surface. The component is irregularly shaped with various electronic components and solder joints. It is placed next to a black L-shaped ruler for scale. The ruler has white markings in millimeters and centimeters. The component's width is approximately 60 mm and its height is approximately 40 mm.
Solder Board-Component View 3	 A photograph of the same green PCB component from a different perspective, showing the underside or a different side. It features a large silver-colored metal shield or heat sink on one side. The component is again placed next to the same black L-shaped ruler on a blue textured surface for scale. The dimensions are consistent with the previous view.

Solder Board-Component View 4	 A photograph of a green printed circuit board (PCB) component, identified as 'Solder Board-Component View 4'. The component is irregularly shaped with various electronic components, including a large black integrated circuit (IC) and several smaller components. It is placed on a blue textured surface next to a black L-shaped ruler. The ruler has white markings in millimeters and centimeters, with a '0 mm' label at the corner. The component is positioned near the 10 mm mark on both the horizontal and vertical scales.
Solder Board-Component View 5	 A photograph of the same green PCB component, identified as 'Solder Board-Component View 5'. This view shows a different side or angle of the component. It is placed on the same blue textured surface next to the same black L-shaped ruler. The component is positioned near the 10 mm mark on both the horizontal and vertical scales.

Solder Board-Component View 6	 A photograph of a small green printed circuit board (PCB) component with various electronic components and solder joints. The component is placed on a blue textured surface next to a black L-shaped ruler for scale. The ruler has markings in millimeters (0 to 100) and centimeters (0 to 10).
Antenna View	Div Ant. WIFI/BT/GPS Ant  GSM/WCDMA /LTE Main Ant. A photograph of the back of a smartphone chassis, showing the internal antenna layout. Three specific antenna locations are highlighted with red boxes and labels: 'Div Ant.' (Diversity Antenna) at the top left, 'WIFI/BT/GPS Ant' (Wi-Fi/Bluetooth/GPS Antenna) at the top right, and 'GSM/WCDMA /LTE Main Ant.' (Main Cellular Antenna) at the bottom center. The phone is placed on a blue textured surface.
