Product Diagram

1. Bluetooth Pairing

- (1) Put the iPad case on and slide the keyboard switch to the On position. Hold down “fn” + “del  ”simultaneously and then the keyboard will enter pairing mode with a blinking blue Bluetooth indicator light.
- (2) On your iPad, go to Settings > Bluetooth, turn on Bluetooth and then“BT5.0 Keyboard”will show up in "Other Devices".
- (3) Click the "BT5.0 Keyboard", the iPad will pop up the connection window, click "Pair" to successfully connect.

2. Note: Pre-use Setup

(1) Set Up Your iPad:

NOTE: For better user experience, please follow steps below to set up your iPad at first use once Bluetooth pairing is completed.

- 1) Go to Settings > General > Trackpad and drag the slider to the middle of the tracking speed.
- 2) Go to Settings > General > Trackpad, turn on "Tap to Click" and "Two Finger Secondary Click".
- 3) Go to Settings > Accessibility > Touch and turn off "Assistive Touch".
- 4) Go to Settings > General > Gestures and enable the toggle for the "Four & Five Finger Swipe" setting.
- 5) Go to Settings > General > Keyboard > Hardware Keyboard and turn off "Switch Languages using Caps Lock".

(2) Optional Setting

Steps to disable the double tap period shortcut:

Go to Settings > General > Keyboard > Hardware Keyboard and click the switch to turn off "." Shortcut.

(3) Fix Bluetooth Pairing Problems:

Step 1: Go to Settings > Bluetooth, find "BT5.0 Keyboard" in My Devices and tap the info button ⓘ next to it, then tap "Forget This Device". If there are multiple pairing records related to the keyboard, please clear all of them.

Step 2: Hold "fn" + "del"  " simultaneously for 3 seconds and then the Bluetooth indicators will blink for 3 times once the factory reset is completed.

Step 3: Pair your BT5.0 Keyboard with your iPad.

3. Multi-Touch Gestures

	<p>Drag APP: When the cursor is over the APP, press and hold the trackpad key until it lifts while moving the app with your other finger.</p>		<p>Scroll: Slide two fingers up or down to scroll.</p>
	<p>Swipe: Swipe left or right with two fingers.</p>		<p>Zoom in or out: Pinch with two fingers to zoom in or out.</p>
	<p>App menu bar: Double finger tap the app icon on the home screen to display the quick action menu.</p>		<p>Show desktop: Three fingers slide up from the bottom.</p>
	<p>APP Expose: Swipe up with three fingers and pause.</p>		<p>Swipe between full-screen apps: Swipe left or right with three fingers.</p>

4. Adjust the Keyboard Backlight

(1) Hold  +  simultaneously to adjust the backlight color. 7 colors are available in total.

(2) Hold  +  simultaneously to adjust the backlight brightness. 3 levels are at your choice.

5. Shortcut Keys

- (3) Use the iPad case alone, a perfect stand.

TROUBLESHOOTING

If the keyboard is not working correctly, please check the following:

1. The Bluetooth function on the iPad (or other Bluetooth devices) is enabled;
2. The Bluetooth keyboard is within 33 feet;
3. The Bluetooth keyboard is charged;
4. Make sure the keyboard is turned on;
5. Press the key 'Pair' and check the Bluetooth status;
6. Make sure a keyboard has already paired via Bluetooth.

CONNECTION PROBLEMS

If Bluetooth pairing fails, please try the following steps:

1. Remove all Bluetooth devices on your iPad;

Step 1: Go to Settings >Bluetooth, find "BT5.0 Keyboard" in My Devices and tap the info button ⓘ next to it, then tap "Forget This Device". If there are multiple pairing records related to the keyboard, please clear all of them.

Step 2: Hold "fn" + "del"  " simultaneously for 3 seconds and then the Bluetooth indicators will blink for 3 times once the factory reset is completed.

Step 3: Pair your BT5.0 Keyboard with your iPad.

2. If none of the above methods work, follow these steps:

- 1). Switch off the Bluetooth function on your iPad;
- 2). Reboot the iPad;
- 3). Turn on the Bluetooth on your iPad;
- 4). Switch the keyboard off and on;
- 5). Repeat the steps described in the manual to pair the keyboard.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

The devices has been evaluated to meet general RF exposure requirement , the device can be used in portable exposure condition without restriction
