

**FCC Caution:**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

**Sleep Buds 01**

In-ear wireless Bluetooth headphones

**Instruction Manual**

Please read this manual carefully before use the device.

**Product Usage Introduction**

(1) Do not attempt to disassemble or replace any part of the product except for those operations specifically indicated in the instruction manual.  
(2) Do not immerse the product in water or any other liquid, the product is not designed to be waterproof.  
(3) If any liquid accidentally enters the product, disconnect and remove the product immediately.  
(4) To avoid electric shock, make sure there is no water on your hands when installing or uninstalling the product.  
(5) Do not place this product near a heat source or expose it directly to an ignition source.  
(6) Do not place this product in an environment with strong electromagnetic force, otherwise it can cause the product to malfunction. In the above cases, it is necessary to disconnect and remove this product.

**Packing List**

	Earphones X 2		Charging case X 1
	Manual x 1		Charging cable X 1

**Product schematic description**

**Headsets Specifications**

Bluetooth Version: V5.4  
Transmission distance: 10-15 metres  
Battery capacity: 30 mAh  
Usage time: about 5 hours  
Charging time: about 1.5 hours  
Rated input: 5V=20mA

**Charging case Specifications**

Battery capacity: 200mAh  
Charging time: 1-1.5 hours  
Rated input: 5V=200mA  
Usage time: 18 hours  
(All technical information depends on actual specifications)

**Charging the case:**  
Use Type-C cable to connect the charging case to the 5V power adapter. This device does not support fast charging head.  
(Warn tip: If the charging bay indicator light flashes red, charge the charging case in time.)

**LED Indicator Status**

<p><b>Charging case Indicator</b></p> <ul style="list-style-type: none"> <li>Charge the charging bay: White lights change slowly</li> <li>Charging bay is fully charged: Indicator is off</li> <li>Charging the earphones is not fully charged: Green light flashing</li> <li>Fully charge the earphones: Green light on</li> <li>Low charge: White flashing</li> </ul>	<p><b>Earphones Indicator</b></p> <ul style="list-style-type: none"> <li>Power on: Blinking red and blue</li> <li>Power off: Red light flashes 3 times</li> <li>BT pairing status: Red and blue lights flash alternately</li> <li>Earphones are successfully paired: Indicator is off</li> </ul>
