

Buttons function introduction

NO.	Buttons	Function	Operation	Notes
1		Power on	Take out the automatic start-up	Power off state
		Power off	Return to auto shut down	Power on state
		Auto Power Off	Power on and unconnected state, automatically power off after 3 mins	Not connected state
2		Up/Flip up	Single click	
3		Down/Flip down	Single click	
4		Left/Flip left	Single click	
5		Right/Flip right	Single click	
6		Confirmation	Single click	
7				
8	OK	Single like	Double click	
9	OK	Continuous likes	Long press 3S	
10	OK	Exit continuous likes	Long press 3S	In the continuous likes state
11	OK	Take photos	Single Click	
12	OK	Photo focus	Long press 3S	In the photo state
13	OK	Photo focus	Single click	In the photo state
14	OK	Volume +	Single Click	Not in the camera state
15	OK	Volume -	Double click	Not in the camera state
16	OK	Disconnect currently pairing	Press 2 buttons at the same time, red and blue lights flash alternately	Disconnect currently connected device
17	OK	Horizontal screen switch	Long press 3S	Only supports horizontal orientation on one side

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

IC Warning

- English: This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

- French: Cet appareil contient des émetteurs/récepteurs exemptés de licence qui sont conformes aux RSS exemptés de licence d'innovation, sciences et développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes:

1. Cet appareil ne peut pas causer d'interférences.
2. Cet appareil doit accepter toute interférence, y compris les interférences qui peuvent causer un fonctionnement indésirable de l'appareil.

Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

L'appareil a été évalué pour répondre aux exigences générales d'exposition aux radiofréquences. L'appareil peut être utilisé en condition d'exposition portable sans restriction.
