## 65mm

## **PRODUCT OUTLINE**

## Technical Specifications Size: 24.7 x 7.45 x 7.5 CM

Material: ABS + Silicon Interface: USB-C Output:

15W/10W/7.5W/5W max for mobile phone

2.5W max(Smartwatch) 5W max (Bluetooth earbuds)

### Standard Accessories 1\* 3-in-1 wireless charge

- 1\* type C charging cable

### How to charge

- 1. Connect the device to the power supply through the charging cable, and then it can be powered on.

  2. When charging any of the mobile phone/iwatch/Bluetooth
- earbuds, place each in their respective charging area to start
- After fully charging, simply take off each device during the charging process. If you need to terminate the charging, take it

### Important notes

- Please put the mobile phone/iwatch/Bluetooth earbuds at the center of charge area. For iwatch, place at vertical charging at 90 degrees. Do not select 30 degrees, as charging may not be possible at this angle.
- 2. Don't charge in high temperatures and humid environments to avoid damage of circuit. Using Environment temperature remain 1-45°C degree. Keep the charger away from water or other liquid. 3. Recommended to use the supplied charging cable for power
- 4. If you need to clean the charger, please make sure it is

### FCC INSTRUCTION

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may

CAUTION: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular nstallation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following

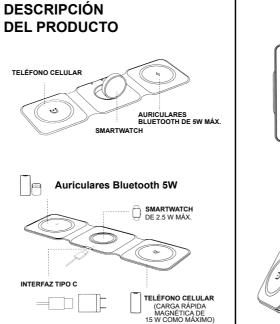

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver.
   Connect the equipment into an outlet on a circuit different from
- that to which the receiver is connected.

   Consult the dealer or an experienced radio/TV technician for

# BAUHN **CARGADOR INALÁMBRICO 3 EN 1**

Manual del usuario

# Especificaciones técnicas Tamaño: 24.7 x 7.45 x 7.5 cm

Material: ABS + Silicona Interfaz: USB-C Entrada: 5V/3A 9V/3A

15W/10W/7.5W/5W como máximo para teléfono celular 2.5W como máximo (Smartwatch)

### Accesorios estándar

- 1\* Cargador inalámbrico 3 en 1
- 1\* Cable de carga tipo C 1\* Manual de usuario

- Cómo hacer la carga
  1. Conecte el dispositivo a la fuente de alimentación mediante
- el cable de carga para encenderlo.

  2. Para cargar un teléfono celular/iwatch/auriculares Bluetooth, coloque cada uno de ellos en su área de carga respectiva para
- comenzar a cargarlos. 3. Después de cargarlos por completo, basta con retirar cada dispositivo durante el proceso de carga. Si necesita finalizar la carga de un dispositivo, tómelo directamente del cargador.

Notas importantes
1. Coloque el teléfono celular/iwatch/auriculares Bluetooth en e centro del área de carga. Coloque el reloj iwatch de forma vertical a 90 grados. No lo coloque a 30 grados porque la carga no se realizaría en ese ángulo.

- 2. No haga la carga en altas temperaturas v ambientes húmedos para evitar daños al circuito. La temperatura ambiente de uso debe estar entre 1 v 45 °C. Mantenga el cargador alejado del agua u otros líquidos.
- 3. Se recomienda utilizar el cable de carga suministrado para la fuente de alimentación.
- 4. Si necesita limpiar el cargador, asegúrese de que esté apagado.

### FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- -- Reorient or relocate the receiving antenna.
- -- Increase the separation between the equipment and receiver.
- -- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- -- Consult the dealer or an experienced radio/TV technic ian for help.

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance between 20cm the radiator your body: Use only the supplied antenna.
