Wireless Headphones 6

Quick Start Guide

HTC HP06

Product Specifications

Model: HTC HP06

Bluetooth

Range: ≈ 10 m
Version: 6.0

Speaker

Diameter: 40 mm
Impedance: 32 Ω

Power

Input: 5 V=400 mA
Battery capacity: 400 mAh
Battery life: ≈ 26 hrs
Charging time: ≈ 2 hrs

What's in the box

Headphones

Quick Start Guide

C to C cable

How to put on the headphones

Connect to Bluetooth device

On your device, turn on Bluetooth and choose to connect to "HTC HP06".

Charging

Basic operations

Basic Operations

Power on/off

Press and hold [power] for three seconds.
Note: If the device is left idle for five minutes, then it will automatically power off.

Key functions

- Play/Pause: Press [play/pause]
- Play next track: Press and hold [next] for two seconds.
- Volume up: Press [volume up]
- Volume down: Press [volume down]
- Play previous track: Press and hold [previous] for two seconds.
- Play next track: Press and hold [next] for two seconds.
- Answer/End call: Press [call]
- Reject call: Press and hold [call] for two seconds.
- Callback: Press [call] twice.
- Call transfer: Press and hold [call] for two seconds.
- Activate voice assistant: Press and hold [voice assistant] for two seconds.
- Switching EQ mode: Press [EQ]
- Restore factory settings: At the same time press and hold [EQ] and [EQ] for two seconds.

Note: After resetting to factory settings, the earphones enter pairing mode.

Connect to Bluetooth device

On your device's Bluetooth connections menu, select "HTC HP06". Note: HTC HP06 automatically synchronizes its volume with your Bluetooth device.

Bluetooth device switching

You can connect the HTC HP06 to two Bluetooth devices simultaneously, allowing you to seamlessly switch your audio input between devices. For example, if you are playing music on your laptop and your phone receives an incoming call, the headset automatically switches to your phone's audio so you can answer the call.

Indicator LEDs

LED	Status
Blinking white and red	Powering on/unpaired
Blinking white	Paired
Solid red	Charging
Off	Fully charged

Important Safety Instructions

Carefully read all the safety instructions in this document before using the product.

General safety instructions

- Use the product with care and store it in a clean environment that is free from extreme temperature, pressure, and humidity. Make sure that the product is stored in a location where it cannot be bent or squeezed.
- Repairs and replacements should only be performed by authorized after-sales service staff. Do not attempt to disassemble or replace any part of the product yourself to prevent injuries or damage to the device. Any unauthorized modification to the product voids the warranty.
- Only use the product in environments where Bluetooth transmission is permitted.

Personal safety instructions

- Do not use the product if it is obviously defective or exhibits abnormalities such as bulging or excessive heating.
- Do not use the product when performing high-risk tasks that require your full attention.
- For your hearing protection, do not listen at high volume for long periods.
- Keep the product and its packaging out of reach of children and pets to prevent accidents such as swallowing and choking.

Battery safety instructions

The product has a built-in rechargeable battery. Read the following instructions to ensure safe use and disposal.

- Keep the product away from prolonged exposure to heat sources such as open fires or direct sunlight.
- Only store the product in environments with ambient temperatures of 0°C to 35°C (32°F to 95°F).
- Do not use or store the product in dust-prone, smoke-prone, high-temperature, high-pressure, or highly humid environments.
- Keep the product dry and away from liquids or moisture.
- Only use an FCC or CCC-certified charger with an output voltage of 5 V/1 A DC.
- Do not use the product while charging.
- Do not leave the product charging for longer than eight hours.
- Dispose of the product responsibly according to your local waste management guidelines.

FCC ID: 2BHR-HP06

FCC Caution:
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
