

Warning
To assure continued compliance, any changes or modifications not expressly approved by the party. Responsible for compliance could void the user's authority to operate this equipment.

FCC Statement
This equipment complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-Reorient or relocate the receiving antenna.
-Increase the separation between the equipment and receiver.
-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:
The device has been evaluated to meet general RF exposure requirement.
The device can be used in the portable exposure condition without restriction.

R/C CAR USE MANUAL

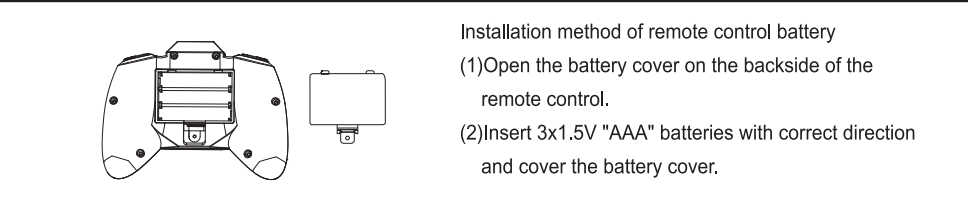

Please read this instruction manual carefully before use, and properly keep this manual for future use.

Installation and charging method for the batteries of stunt car and remote control

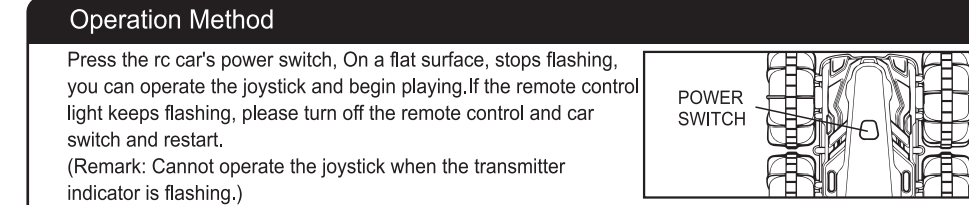

Connect the battery to the charging cable, then plug the USB charging cable into the USB port of the computer or the USB charger. Then turn on the power. When the red light is on, it means that charging is in progress, and when the red light is off it means the battery has been fully charged.

Installation method of remote control battery
(1) Open the battery cover on the backside of the remote control.
(2) Insert 3x1.5V "AAA" batteries with correct direction and cover the battery cover.

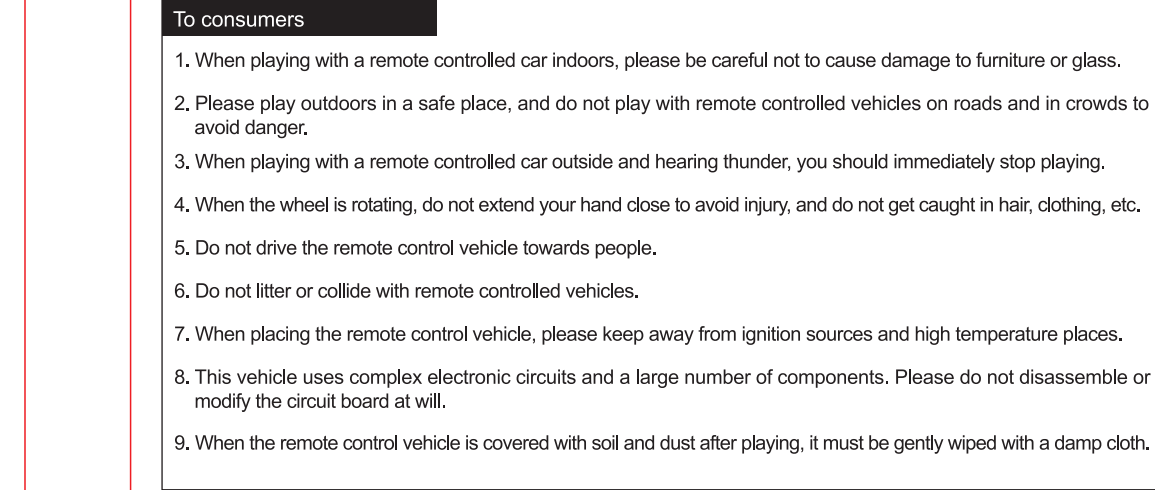

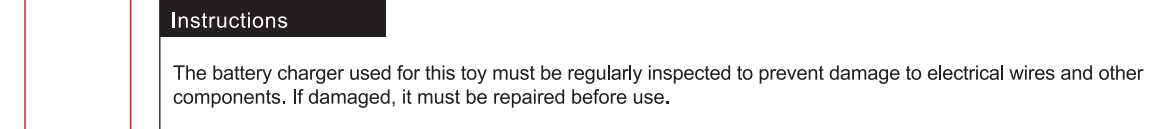

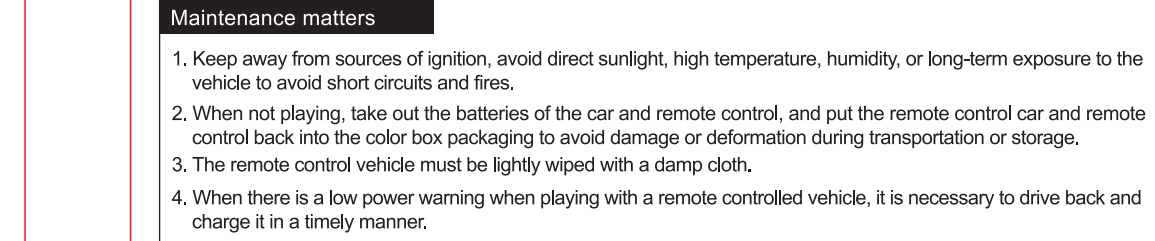

Remote Control Function

Basic operation picture showing how to USE this product

General troubleshooting		
Failure symptoms	cause of issue	Approach
The vehicle cannot be driven	1. The remote control is not connected or the switch of the remote control car is not turned on.	1. Turn on the remote control car switch and reconnect the remote control.
	2. The remote control or remote control car is not correctly installed in the battery.	2. Put the battery into the remote control or remote control car correctly.
	3. The power of the rechargeable battery pack is insufficient.	3. Charge the rechargeable battery pack.
The vehicle is not controlled and the remote control distance is short	1. The battery or rechargeable battery pack in the remote control has insufficient power.	1. Replace the batteries in the remote control with new ones, or charge the rechargeable battery pack.
	2. There may be sources of interference near the site.	2. Change the venue.
Exception protection	When the function of the remote control car is hindered by external forces and cannot complete the full function, or when the circuit battery is short-circuited.	Turn on the power switch again to protect the remote control car from power failure.

Product name	Remote control toys
Brand	Korffe
Model	CX-97
Manufacturer	SHANTOU CHENGHAI CANXING TOY INDUSTRY CO.,LTD
Address	CHENGHAI DISTRICT, SHANTOU CITY, GUANGDONG PROVINCE
Batch No.	P2024062601
Date of Production	Jun.26,2024
Input	DC5V 0.5-2A
Battery	DC3.7V 1200mAh Li-on Rechargeable Battery
Contact information	usaftersales0530@163.com
IMPORTED AND CERTIFIED BY: VISHTEC LLC Room 1059,9888 W Belview Ave Ste 2142 Denver, CO 80123 Alan Graham alan.graham@vish-tec.com (571)400 7350
