

Appendix D

Photographs

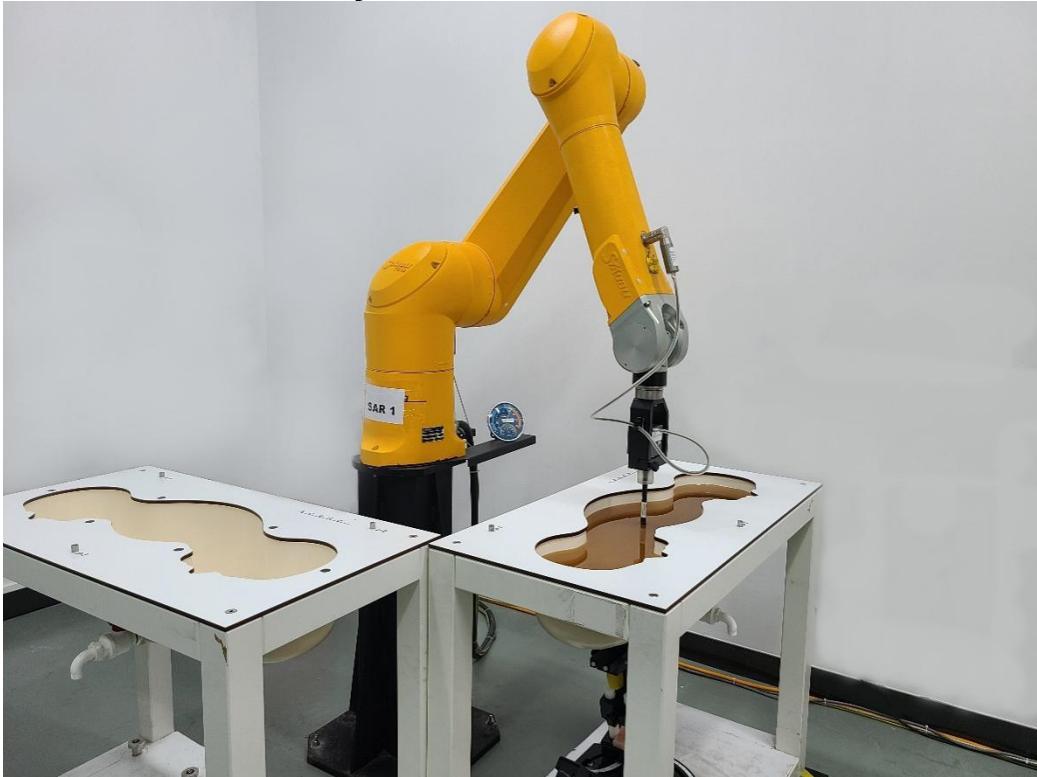

1. SAR measurement System
2. Photographs of Tissue Simulate Liquid
3. Photographs of EUT test position
4. EUT Antenna Locations
5. EUT Constructional Details

This document is issued by the Company subject to its General Conditions of Service printed overleaf, available on request or accessible at <http://www.sgs.com/en/Terms-and-Conditions> and, for electronic format documents, subject to Terms and Conditions for Electronic Documents at <http://www.sgs.com/en/Terms-and-Conditions/Terms-e-Document>. Attention is drawn to the limitation of liability, indemnification and jurisdiction issues defined therein. Any holder of this document is advised that information contained hereon reflects the Company's findings at the time of its intervention only and within the limits of Client's instructions, if any. The Company's sole responsibility is to its Client and this document does not exonerate parties to a transaction from exercising all their rights and obligations under the transaction documents. This document cannot be reproduced except in full, without prior written approval of the Company. Any unauthorized alteration, forgery or falsification of the content or appearance of this document is unlawful and offenders may be prosecuted to the fullest extent of the law.

Unless otherwise stated the results shown in this test report refer only to the sample(s) tested and such sample(s) are retained for 30 days only.

Attention: To check the authenticity of testing / inspection report & certificate, please contact us at telephone:(86-755) 8307 1443, or email: CN.Doccheck@sgs.com

1. SAR measurement System

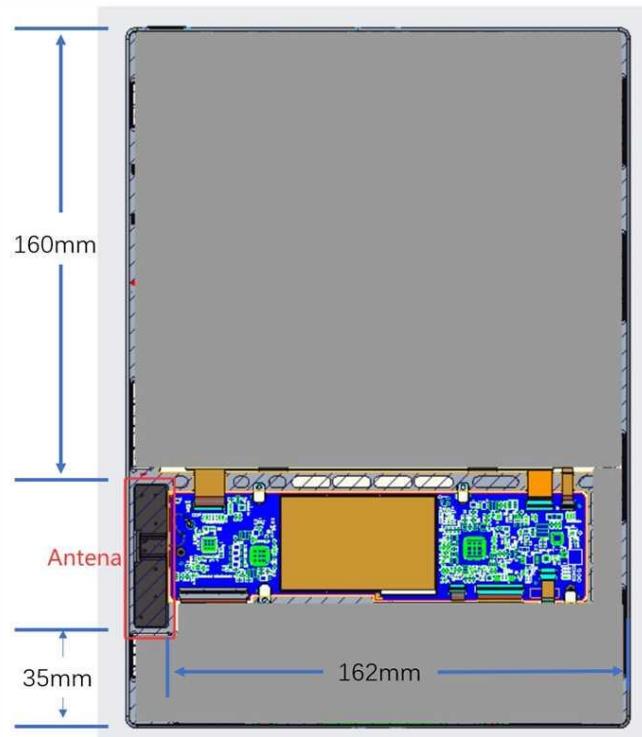

2. Photographs of Tissue Simulate Liquid

Photo 1: Tissue Simulant Liquid for HBBL600-10000MHz	NA
	NA

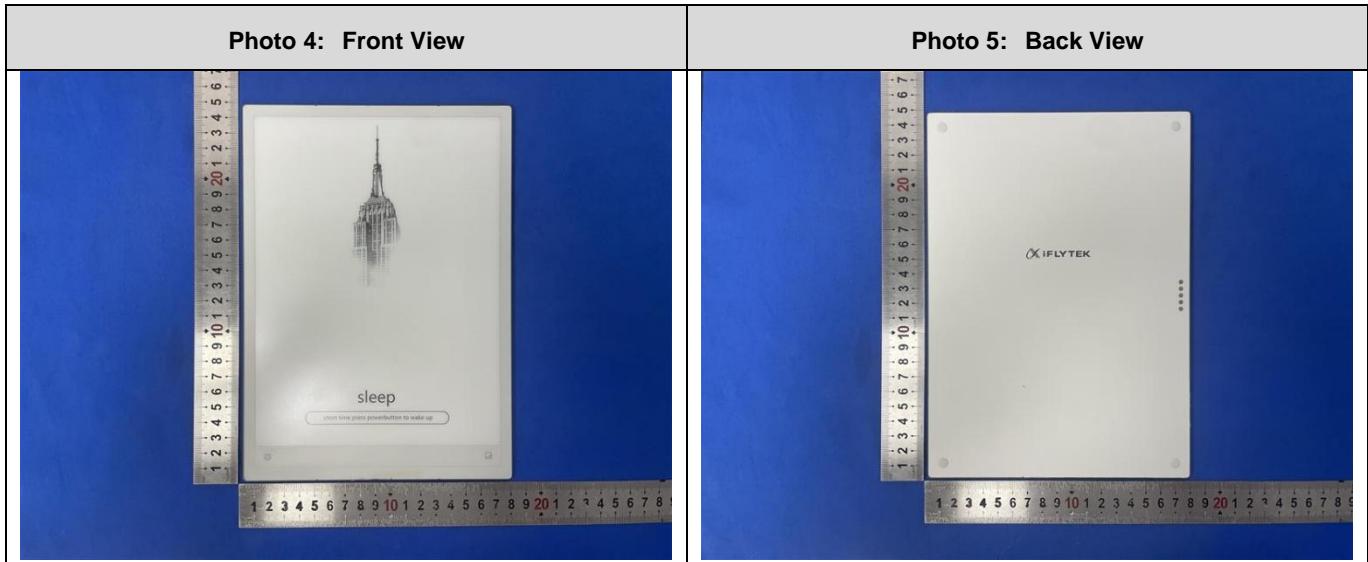

3. Photographs of EUT test position

Photo 2: Back Side 0mm	Photo 3: Right Side 0mm
 A photograph showing the back side of an electronic unit under test (EUT) positioned at 0mm offset. The EUT is held in a black test fixture. A white cylindrical object, likely a probe or antenna, is visible at the top left. The background shows a light-colored wall and a dark door.	 A photograph showing the right side of the EUT at 0mm offset. The EUT is mounted on a white stand. A large, light-colored cylindrical probe or antenna is positioned above the EUT. The background includes a white wall and some equipment on a table.

4. EUT Antenna Locations

5. EUT Constructional Details
