

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.

Radiation Exposure Statement  
The device has been evaluated to meet general RF exposure requirement in portable exposure condition without restriction.

English

When the remote control command does not respond, restart the vehicle switch or charge the car or reinstall/replace the remote control battery.

**FUNCTION:**

① Forward

② Backward

③ Rollover stunts

④ Upright with the front wheel forward hovering counterclockwise

⑤ Upright and the front wheel forward circling clockwise

1. Remove battery compartment cover using a screwdriver.

2. Use back battery compartment lid.

3. Insert 2 x 1.5V AAA alkaline batteries.

4. Use battery compartment lid closed and tighten screw.

Model 1: Connected to the USB port of computer to charging.

Model 2: Connected to the USB adapter to charging.

Model 2: Use the external battery to charging.

ON/OFF  
Turn on the light.

**CAUTION:**  
BATTERY OPERATED PRODUCT  
Suitable for ages 3+. As with all electric products, precautions should be observed during handling and use to prevent electric shock.
