

## MGALL HY-C02

### True Wireless Earphones

## Manual

Please read all instructions carefully  
and retain for future use

### Usage Instruction

- (1) Don't attempt to disassemble the unit and change any part, except there is operation method mentioned in the manual.
- (2) Don't expose the unit to liquid, moisture or humidity, since it is not a waterproof product.
- (3) Disconnect the unit with your BT device and move it to the safe area if the liquid get inside the unit.
- (4) Don't assemble or disassemble the unit to avoid electric shock, if there is water on your hands.
- (5) Don't expose the unit to extremely high temperature or dispose of the unit in fire as it will result in an explosion.
- (6) Don't place the unit in an electromagnetic interference environment to avoid malfunction.

### Packing list

	Headphone X 2		Charging case X 1
	User manual X 1		Type-C X 1

### Product schematic description

### Product specification

Bluetooth version: V5.4  
Transmission distance: 10M  
Battery capacity: 25mAh  
Usage time: approximately 4 hours (headphones)  
Charging time: approximately 1hour (for headphones)  
Rated input: 5V = 20mA

### Charging case specification

Battery capacity: 380mAh  
Charging time: approximately 1.5 hours  
Rated input: 5V = 300mA  
(All technical information is subject to actual performance)

### Charge the Charging case

Connect the Type-C cable to the 5V power adaptor, and another end to the charging port of the Charging case.

(Kind reminder: Turn off the charging box and the LED screen displays the power flash, please charge the charging box in time.)

### LED Indicator Status

Headset Indicator Light	<ul style="list-style-type: none"><li>• Open: The main headset red ice and blue alternate flicker</li><li>• Ship off: main headset red ice and blue alternate flicker</li><li>• Automatically paired: Main headset red ice and blue alternate flicker</li><li>• Discard connection: main headset red ice and blue alternate flicker</li></ul>
-------------------------	---

### Product operating instructions

#### 1. Power on

Open the cover of the charging box and automatically turn on the headset.

#### 2. Power off

Step 1: Put the headset in the charging bay and turn off the charging bay and automatically shut down.

Step 2: automatically shut down 3 minutes in 3 minutes without connection state

#### 3. Pairing to the BT device

Step 1: Open the charging warehouse and cover the headset, and automatically match the ears.

Step 2: Open the Bluetooth list of smart devices, search for "HY-C02" and connect (support single ear use)

- Touch control button operating
- Music playing mode

- Left/Right headphone operating

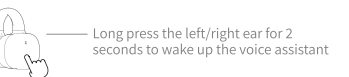

#### Hands free function

- Left/ Right headphone operating ( incoming call)

#### Voice Assistant

- Left/Right Earphone Operation

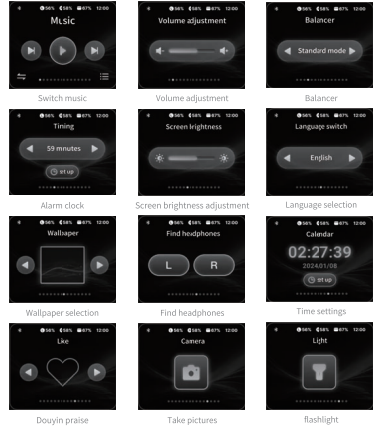

### Reset

Press 5 consecutive times to clear the pairing information and shut down the headset back to the charging ware. Press the key to the key 3 times in a row 3 times.

### Touch screen operation

Kind Reminder: Before performing touch screen operations, you need to take out the earphones first and connect them to the charging case.

### Name and content of hazardous substances in products

#### Name and content of hazardous substances in products

Part Name	Harmful materials					
	Pb	Hg	Cd	Cr(VI)	PBB	PBDE
Printed circuit assembly	○	○	○	○	○	○
Small structural parts such as shell	○	○	○	○	○	○

This form is compiled in accordance with SJ/T 11364.

○ : Indicates that the content of the hazardous substance in all homogeneous materials of the part is in Below the limit requirements specified in GB/T 26572.

× : Indicates that the content of the hazardous substance in at least one of the homogeneous materials of the part exceeds The limit requirements specified in GB/T 26572.

The parts marked with "X" on the form are all harmful due to the limitations of global technological development.Substitution of substances.

Printed circuit board components\*: including printed circuit boards and their parts, electronic components, etc., Depending on the product model, the product you purchased may not contain all the above components

Electronic and electrical products sold in the People's Republic of China must mark this Logo, the number in the logo represents the product under normal use Environmental protection use period.

### Warranty Service

Dear user, this warranty card is the proof of your future warranty application, please cooperate with the seller to fill it out and keep it for future use!

### FCCStatement

According to Part 15 of the FCC Rules, this device has been tested to meet the restrictions for Class B digital devices. These restraining decrees In providing reasonable protection against harmful disturbances in residential facilities. The device generates and uses radiofrequency energy, If this instruction is not installed and used in accordance with the regulations, it may cause harmful interference to radio communications. However, there are There is no guarantee that interference will not occur in a particular installation. If this device has built for radio or television reception Into harmful interference, the device can be determined by turning it off and on when the user is encouraged to try to pass through one or Several more measures below

- Redirect or reposition the receiving antenna.
- Increase the distance between device and receiver.
- Sockets connected to devices on circuits different from the receiver are connected.
- Please consult a dealer or experienced radio/TV technician for assistance.

This device complies with Part 15 of the FCC Rules. The operation is restricted by the following two conditions

- (1) The device shall not cause harmful interference.
  - (2) The device must accept any received interference, including interference that may cause unexpected operation.
- Changes or modifications that are not explicitly approved by the compliance responsible party may invalidate the user's permission to operate the device.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
