POWER ON AND PAIRING

1 Power On
Pick up the earbuds out of the charging case, the earbuds will automatically power on or you can long press and hold either earbud for 3 seconds to power on manually.

2 Pairing
The earbuds will enter Bluetooth pairing mode when they power on. Select "NS18" from your device's Bluetooth list when connecting for the first time.

CONTROLS

Answer/end a call	Press and hold for 3 seconds (L/R)
Play/Pause	Press Once (L/R)
Volume down	Press twice (L)
Volume up	Press twice (R)
Previous	Press 3 times (L)
Next track	Press 3 times (R)
Game Mode on	Press 5 times (L)
Game Mode off	Press 5 times (R)
Voice assistant	Press and hold for 3 seconds (L/R)

Note:
1 You can also customize controls in the Nutshell Audio App.
2 Game mode will turn to Normal mode when the earbuds are disconnected with Bluetooth devices.

POWER OFF

1 To power off, return the earbuds to the charging case and close it. The earbuds will automatically power off when they are fully charged.

2 You can long press and hold either earbud for 5 seconds to power off manually.

RESET

If your earbuds won't connect to your phone or other device (but they are syncing), try resetting them.

1 Long press and hold either button for 5 seconds to power off the earbuds.

2 Long press and hold both buttons for about 10 seconds until both lights flash red and white 3 times simultaneously.

3 The earbuds enter Bluetooth pairing mode. Either light will flash red and white alternately.

RESET

If your earbuds aren't syncing together properly, the lights will flash differently. Reset them to fix the issue.

1 Press both buttons three times simultaneously.

2 The red light will be on for one second.

3 The earbuds are synced and enter to Bluetooth pairing mode when light flash red and white alternately.

LIGHTS GUIDES

LED	Description	Status
Red + White	Flashing red and white alternately	Pairing
Red + White	Flashing white slowly	Connected
Red + White	The lights are off	Playing audio
Red + White	Flashing red 3 times	Reset "Bluetooth pairing" completed
Red + White	Steady red for 1 second	Reset "syncing" completed

Charging Time	Up to 2 hours
Play time	Up to 10 hours (27 hours in total with the charging case)
Driver Unit	10mm dynamic driver
Impedance	16Ω
Waterproof Rating (Earbuds)	IPX7
Bluetooth Version	5.3
Bluetooth Range	10m / 33ft

FCC statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.

Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement in portable exposure condition without restriction.

Product Model: NS18 PMN: True Wireless Earbuds

ISED statement

English:

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions: (1) This device may not cause interference, (2) This device must accept any interference, including interference that may cause undesired operation of the device.

French: Cet appareil contient des émetteurs/récepteurs exempts de licence qui sont conformes aux RSS exemptés de licence d'Innovation, Sciences et Développement économique Canada. L'exploitation est soumise aux deux conditions suivantes : (1) Cet appareil ne doit pas provoquer d'interférences, (2) Cet appareil doit accepter toute interférence, y compris les interférences susceptibles de provoquer un fonctionnement indésirable de l'appareil.

This device meets the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance.
cet appareil est conforme à l'exemption des limites d'évaluation courante dans la section 2.5 du cnr - 102 et conformité avec rss 102 de l'exposition aux rf, les utilisateurs peuvent obtenir des données canadiennes sur l'exposition aux champs rf et la conformité.

This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment.

Cet équipement est conforme aux limites d'exposition aux rayonnements du Canada établies pour un environnement non contrôlé.

The device has been evaluated to meet general RF exposure requirement. This equipment should be installed and operated with minimum distance 0mm between the radiator & your body. L'appareil a été évalué pour répondre aux exigences générales d'exposition aux RF. Cet équipement doit être installé et utilisé avec une distance minimale de 0 mm entre le radiateur et votre corps.
