3-IN-1 WIRELESS CHARGER

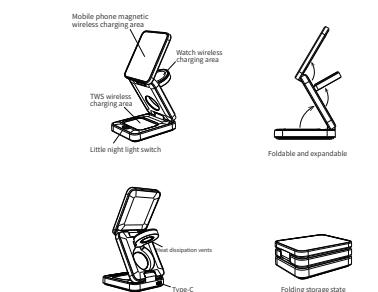

User Manual

CE FC RoHS MADE IN CHINA

Product Introduction

Thank you for purchasing our product 3-IN-1 Wireless Charger. It uses high-end fast wireless charge chip and has a luxurious and compact design. It can charge any Qi standard mobile phone and TWS standard. Perfectly compatible with iPhone 12 and above, other mobile phones with wireless charging function need to be used with a magnetic phone case, effectively saving more time and improving your charging experience.

Product Outline

Applicable Devices

- Devices with built-in quick charge/normal charge wireless receiver.
- Devices with outer-face wireless charging receiver.
- Devices with wireless charging receiver in its protection case.

Note: All devices must be Qi standard.

Instructions

- Connect the wireless charger to an AC power source through a power adapter. Turn on the wireless charge. The base light will light up for 2 seconds and then go out, entering standby mode.
- When phone or TWS is wireless charging, the base light will flash in a breathing pattern. (Note: the base light indicates that a foreign object has been detected) (Note: When the watch is out of power, the charging will be slower. It is recommended to charge the watch when it is close to 10%. When it is out of power, the charging will be slower and may take 1 hour. Please wait patiently!)
- The touch switch of the night light is located on the base. Press it to turn on the light. The first time is low brightness, the second time is medium brightness, and the third time is high brightness. The fourth time is off.

Specifications

Model:HT-552 FCC ID:2B8KMD-HT-552 Input:5V=3A, 9V=3A
Wireless Charging for Phone: 15W/10W/7.5W/5W
Wireless Charging for Earbuds: 5W Wireless Charging for Watch: 2.5W

Standard Accessories

1* 3-IN-1 Wireless Charger 1* USB Cable

FCC STATEMENT :

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
