3-IN-1 WIRELESS CHARGER

User Manual

CE **FCC** **RoHS** **MADE IN CHINA**

Product Introduction

Thank you for purchasing our product 3-IN-1 Wireless Charger. It uses high-end fast wireless charging chip and has a luxurious and compact design. It is compatible with any mobile phone that meets the Qi standard. Perfectly compatible with iPhone 12 and above, other mobile phones with wireless charging function need to be used with a magnetic phone case, effectively saving more time and improving your charging experience.

Product Outline

Watch wireless charging area
Mobile phone magnetic wireless charging area
TWS wireless charging area
Night lantern
Heat dissipation hole
Charging indicator
Type-C

Applicable Devices

1. Devices with built-in quick charge/normal charge wireless receiver.
2. Devices with outer-face wireless charging receiver.
3. Devices with wireless charging receiver in its protection case.

Note: All devices must be Qi standard.

Instructions

1. Connect the wireless charger to an AC power source via a power adapter. After turning it on, the green light will stay on and it will enter standby mode.
2. When charging a mobile phone, watch or TWS, the blue indicator light will light up during charging and go out after charging is completed. (Flashing blue indicator light indicates that foreign objects are detected) (Note: If the watch has no electricity, charging will be slower, it is recommended that the watch is close to 10% please charge, when there is to have patience!)
3. Night Light: Click the button to turn on or off the night light, tap the touch to turn on, 3 levels of adjustment (strong light 100%, medium light 60%, weak light 30%)

Specifications

Model: HT-553 FCC ID: 2BKMID-HT-553 Input: 5V=3A, 9V=3A
Wireless Charging for Phone: 15W/10W/7.5W/5W
Wireless Charging for Earbuds: 5W Wireless Charging for Watch: 2.5W

Standard Accessories

1* 3-IN-1 Wireless Charger
1* User Manual
1* USB Cable
1* Type-C

FCC STATEMENT :

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.
Increase the separation between the equipment and receiver.
Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
