Replace The Battery
Slide the opening slider on the back of your Smart Tag Finder to carefully open the shells.
Replace the battery with a new CR2032 battery replacing it positive side up (text facingup)

—Unwanted Tracking

If any Find My network accessory separated from its owner is seen moving with you over time, you'll be notified in on of two ways:

1. If you have an iPhone, iPad or iPod touch, Find My will send a notification to your Apple device. This feature is available on iOS or iPadOs 14.5 or later. 2. If you don't have an iOS device or a smartphone, Find My network accessory that isn't with it's owner for a period of time will emit a sound when it's moved

These features were created specifically to discourage people from trying to track you without your knowledge.

The Fine Print

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1)This device may not cause harmful interference,and (2) this device must accept any interference received, including interference that may cause undesired operation.
