## Wireless Earbuds

### User Manual

GI-TWS-SLDR-VB07-WH

### 1. Product Specification

Model	GI-TWS-SLDR-VB07-WH
Wireless Version	V5.3
Transmission Distance	10M
Driver Unit	13mm
Frequency Response	20Hz~20KHz
Impedance	32Ω
Rated Power	3mW
Charging Case Battery Capacity	500mAh

Earbud Battery Capacity	30mAh
Charging Case Capacity	4-5 Hours
Input	DC5V
Play Time	4-5 Hours
Standby Time	60 Days
Charging Time	2 Hours
Product Weight	73.8g
Dimensions	67.5x22x46.5mm

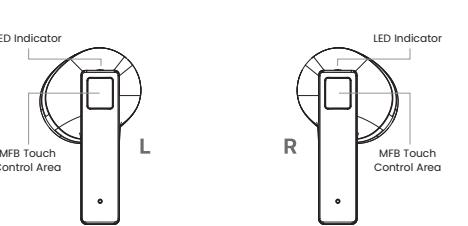

Supported Protocols: A2DP, AVRCP, AVCTP, AVDTP, HFP, HSP, SPP, RFCOMM, PNP, HID, SDP CORE, I2CAP CORE

### 2. Package Contents

-02-

### 3. Operation

Function	Operation Instruction
Play/Pause:	Tap the MFB of the L/R earbud once.
Next Track:	Tap the MFB of the R earbud 2 times.
Previous Track:	Tap the MFB of the L earbud 2 times.

-03-

### 3. Operation

Function	Operation Instruction
Volume +:	Tap the MFB of the R earbud 3 times. There is a prompt when maximum volume is reached.
Volume -:	Tap the MFB of the L earbud 3 times.
Reject a Call	Tap and hold the MFB of the L/R earbud for 2s during incoming call.
Answer a Call	Tap the MFB of the L/R earbud once during incoming call.
Hang up a Call	Tap the MFB of the L/R earbud once during a call.
Activate Voice Assistant	Tap and hold the MFB of the L/R earbud for 2s.

### 4. Bluetooth Pairing

#### TWS Pairing

When the L and R earbud are turned on, they will immediately match with each other, and enter pairing mode. The main earbud flashes red and blue and the sub earbud does not flash.

#### Bluetooth Connection

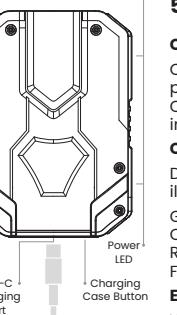

1. Enable Bluetooth on your device.
2. Slide open the charging case and the earbuds will enter pairing mode, find the Bluetooth pairing name "GEARit Slider Earbuds" on your device and tap to connect.
3. If the earbuds have been previously connected to the device, the L and R earbuds will automatically reconnect after turning on.

#### Bluetooth Disconnection

Reinsert the earbuds into the charging case and slide to close to power off. Manually turn off Bluetooth on the device to disconnect. The earbuds will enter pairing mode.

If the earbuds go out of range from the connected device, they will reconnect with the device once within range if within 3 minutes, and will shut down automatically after 3 minutes.

-05-

### 5. Charging Case

#### Charge the Charging Case

Connect the USB-C cable to the USB-C charging port, located on the bottom of the charging case. Connect the other end to a power adapter (not included).

#### Check the Current Power of the Charging Case

Double-press the charging case button to illuminate power LED.

Green = Power is Above 90%

Orange = Power is 30%-90%

Red = Power is 12%-30%

Flashing Red = Power is Below 12%

#### Earbud Low Battery Alarm

When the power of the charging case is lower than 12%, the flashing red LED will appear after opening/closing the lid or unplugging the power supply.

-06-

### 6. Charging Case Effects

#### Turn off/on the Charging Case Light Effect

Briefly press the charging case button once.

#### Turn off/on the Charging Case Sound Effect

Press and hold the charging case button for 3s. A prompt tone will follow.

### 7. Warnings

#### GEARit LIMITED WARRANTY

**Warranty Coverage:**  
We stand behind our products with confidence, offering warranties designed to give you peace of mind and a worry-free experience. Our commitment covers most GEARit products with specific warranty periods based on product type such as cables, cases, wall chargers, and more. Either way, you're protected from defects in materials and workmanship.

• Headsets (Bluetooth Products): 24 Months

30-Day Money-Back Guarantee:  
You may return undamaged products within 30 days for a full refund. Products must include all accessories and original packaging. Shipping costs for non-quality-related returns are the responsibility of the buyer.

Replacement Warranty:  
If a defect arises within the warranty period, GEARit will repair, replace, or issue a credit for the product. Repaired or replacement products are covered for 90 days or the remainder of the original warranty, whichever is longer.

Need Assistance?  
For more information or to file a warranty claim, please visit GEARit's Warranty Support.

#### FCC Compliance Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference.

(2) This device must accept any interference received, including interference that may cause undesired operation.

(3) The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

**WARNING:** This product can expose you to chemicals known to the State of California to cause cancer.
