Attestation not implementing Kaspersky cyber security and anti-virus software according to §2.911(d)(5)(i) and §2.911(d)(5)(ii)

FCC ID: 2BKRFSAC0522001001

TO WHOM IT MAY CONCERN:

The use case of this device is controlling the cabin system inside an aircraft and in-flight entertainment.

The unit is using an embedded Linux based Operation system.

Cyber security and anti-virus software produced or provided by Kaspersky Lab Inc. or any of its successors and assignees, including equipment with integrated Kaspersky Lab Inc. (or any of its successors and assignees) cyber security and anti-virus software are not part of this product and the end-user cannot install these components on the product.

The firmware is distributed in encrypted and signed form as well as Bootup is verified using secure boot.

Sincerely,

Clemens Zumegen
