

## **Strong Anti-Shock Ability**

*Able to withstand 1.5m drop*

## **Easy Charging & 1100mAh Battery**

*Charge the scanner whenever you put it on base*

Note: Avoid using USB PD power adapter or cable. The scanner's recommended charging current is 5V1A. Use the original USB cable for charging.

## 3-in-1 Connection Ways

According your device needs to choose the best use way

**Wired Mode**  
USB Connection

**Wireless Mode**  
BT 5.0 Connection

## Long Transmission Range

### BT 4.2 Technology

Barrier-free transmission distance reaches more than 50m/164ft

Obstacles transmission distance up to 20m/65ft

## 2D 1D QR Barcode Decode

With super decoding ability, easily to scan 1D 2D barcode from paper or monitor screen, even special barcode

The device is shown from a side-on perspective, highlighting its compact and ergonomic design.

**Barcode Types Decoded:**

- Distorted barcode (checkmark)
- Reflective barcode (checkmark)
- Damaged barcode (checkmark)
- Blurred barcode (checkmark)
- QR Code (checkmark)
- 1D Code (checkmark)
- EAN (checkmark)
- Data Matrix (checkmark)
- PDF417 (checkmark)

## Multiple Compatibility Devices

Mini size but have stronger compatibility,  
easily connect to PC, POS, Laptop, Tablet, Smartphone

IOS

Mac OS

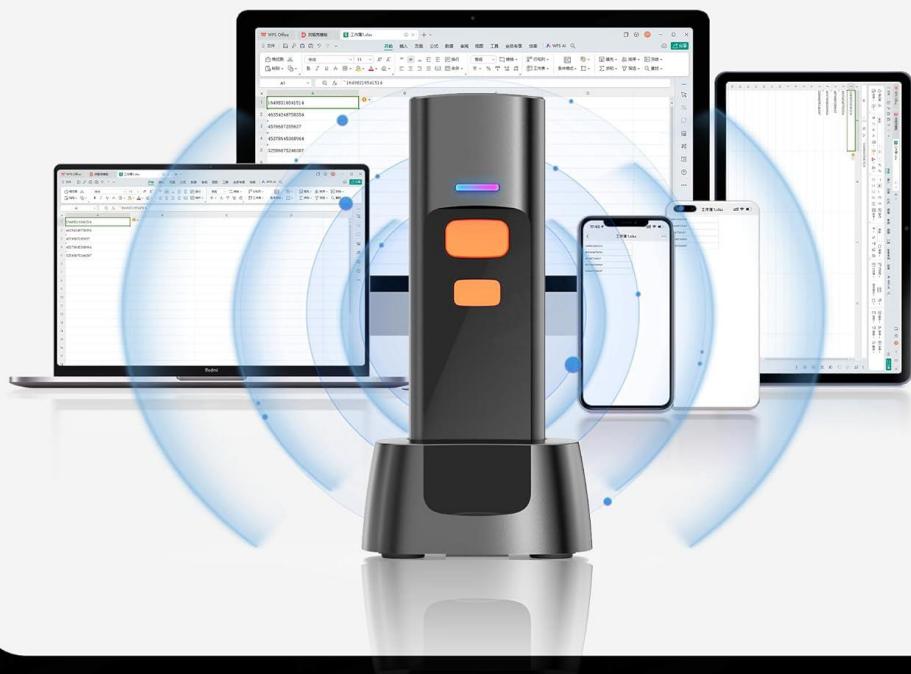

Android

Linux

Windows7/  
8/10/XP

## Multiple Compatibility Devices

Mini size but have stronger compatibility, easily connect to PC, POS, Laptop, Tablet, Smartphone

IOS

Mac OS

Android

Linux

Windows7/8/10/XP

### Supports Multiple Languages

American English

German

French

Spanish

Italian

International keyboard

British English

Portuguese

Japanese

Brazilian Portuguese

Russian

**Easy To Carry & Pocket Size**

## FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**Caution:** Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement.
