Thank you for using our products  
please read this carefully before use

Made In China

## Product description

It is the elegant appearance and perfect touch that gives you an array of options. It has super strong vibration and multiple vibration modes. You'll have the anticipation of the most dynamic stimulation. The product also provides a sense of safety and environmental protection which is a part of our design philosophy. We hope this culminates in a superior experience for the user. This product is destined to be an extraordinary product.

1. Mode: 10 vibration modes
2. Material: Food grade silicone, ABS
3. Max noise:  $\leq 50\text{db}$
4. Battery: 170/300mAh rechargeable polymer lithium battery
5. Charge: USB 5V 150mA DC charge
6. Charge/Use Time: 1.5H/2H
7. Waterproof rating: Ip65

※ Package: 1× remote controller&vibrating egg,  
1×Charge USB cable, 1×User manual.

### FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
