MATTERS NEEDING ATTENTION

1. Product one-button control: switch on/off/light color switch.
2. The product contains in three light colors and one breath light mode.
3. The flowers in the product are true plant flowers, which can be placed for about 2 years with little change after special treatment. (Because it is a real flower, it is normal for a few petals to fall off)
4. Do not drop, to avoid product damage caused by falling.
5. Do not disassemble, repair or transform this product by yourself.

SOLUTIONS TO COMMON PROBLEMS

After playing for a long time, the audio automatically shuts down:
The power is insufficient, please connect the external USB power adapter and use it after charging.

When connecting Bluetooth to play music, there is a delay:
Confirm whether the valid connection distance of the Bluetooth device is exceeded, or there is an obstacle between the Bluetooth device and the Bluetooth device.

Pairing unsuccessful:

- a. Check whether the Bluetooth device is in the search state, or restart the stereo.
- b. There are too many Bluetooth devices around, which makes it difficult to search. Please turn off other Bluetooth devices and search the connection again.

FOCC Caution: Any changes or modifications not expressly approved by the party responsible for product compliance could void the user's authority to operate this equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE:
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if it is not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FOCC Radiation Exposure Statement:
The equipment complies with FCC Radiation exposure limit set forth for uncontrolled environment. [The device shall be operated and installed without restriction.
