Auto Power On

Charging an iPhone or Other Devices Wirelessly

Foldable Stand

Charge and View, Hands-Free

Charging 4 Devices

Support charging 4 devices at the same time

Via Wireless Magnetic Charging

5W/7.5W/10W/ 15W

Via Built-in Cable Charging (USB-C)

5V=3A 9V=2.22A 12V=1.67A

Via Plug-in Cable Charging (USB-C)

5V=3A 9V=2.22A 12V=1.67A

Via Plug-in Cable-Charging (USB-A)

5V=3A 9V=2A 10V=2.25A 12V=1.5A

Support Charging Devices while Recharging

Using Adapter for Recharging

USB-C Input: 5V==3A 9V==2A 12V==1.5A

Power Display

Press the Power Button to Show Accurate Battery Level

Power Button:
Single Press to Start Charging, Double Press to Stop.

Warning

No Cover on
Wireless Position

No Phone
Ring Holder

No Keys

No Bank Card

- This wireless charger is not compatible with non-Magsafe phone cases, such as Defender cases.
- Do not use an adapter with an output of 5V/1A (5W) or less for recharging
- High temperatures will reduce charging speed and restrict power, which is something that happens to all wireless chargers.
- It is recommended that you charge your device in environments with temperatures below 25°C / 77°F.
- Some energy loss during wireless charging is converted into heat, causing the power bank to warm up. This is a normal phenomenon and nothing to worry about.

3-in-1 POWERBANK

Kabelloses Magnetisch | Eingebauter Ständer | Eingebautes Kabel

Benutzerhandbuch

Automatische Einschaltung

Kabelloses Laden von iPhone oder anderen Geräten

Klappständer

Laden und ansehen, freihändig

Laden von vier Geräten

Unterstützt das gleichzeitige Laden von vier Geräten

Kabelloses magnetisches Laden

5W/7.5W/10W/ 15W

Laden über integriertes Kabel (USB-C)

5V=3A 9V=2.22A 12V=1.67A

Laden über eingestecktes Kabel (USB-C)

5V=3A 9V=2.22A 12V=1.67A

Laden über eingestecktes Kabel (USB-A)

5V=3A 9V=2A 10V=2.25A 12V=1.5A

Unterstützt das Laden von Geräten während des Wiederaufladens

Verwendung eines Adapters zum Wiederaufladen

USB-C Eingang: 5V $\approx$ 3A 9V $\approx$ 2A 12V $\approx$ 1.5A

Akkustandanzeige

Netztaste drücken, um den genauen Akkustand anzuzeigen

Netztaste: Einmal drücken zum Starten, zweimal drücken zum Stoppen

Warnung

Keine Abdeckung für
die Wireless-Position

Kein
Telefonringhalter

Keine Schlüssel

Keine Bankkarte

- Nicht kompatibel mit Hüllen ohne MagSafe, z.B. Defender-Hüllen.
- Kein Ladegerät mit weniger als 5V/1A (5W) verwenden.
- Hohe Temperaturen verringern die Ladegeschwindigkeit.
- Laden bei Temperaturen unter 25°C wird empfohlen.
- Wärmeentwicklung beim Laden ist normal und unbedenklich.

BATTERIE EXTERNE 3-en-1

Magnétique Sans Fil | Support Intégré | Câble Intégré

Manuel d'utilisation

Mise sous tension automatique

Charge sans fil d' un iPhone ou d' autres appareils

Support pliable

Charger et regarder, mains libres

Charge de quatre appareils

Charge simultanée jusqu'à 4 appareils

Charge magnétique sans fil

5W/7.5W/10W/ 15W

FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are

designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If

this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
