

Precautions:

1. Please check the compatibility between the voltage of the equipment and this product before use;
2. In order to ensure the service life of the battery, please stop using it temporarily and charge it in time when the power is low during use;
3. It is strictly prohibited to put the product into or close to the fire source to avoid the risk of fire and explosion;
4. Do not put the product into water or wet it. Because the product is not waterproof, please keep it in a dry place;
5. Do not use in the environment above 60 °C;
6. It is strictly prohibited to disassemble or use the product without permission;
7. Please operate in strict accordance with the requirements of the manual and precautions. The company will not bear any responsibility for the adverse consequences caused by violation operation.

WARNING

Keep this manual

After reading this manual, please keep it for later reference.

Handling

To avoid breakage, do not apply excessive force to the switches or controls.

Care

If the exterior becomes dirty, wipe it with a clean, dry cloth. Do not use liquid cleaners such as benzene or thinner, or cleaning compounds or flammable polishes.

Keeping foreign matter out of your equipment

Never set any container with liquid in near this equipment. If liquid gets into the equipment, it could cause a breakdown, fire, or electrical shock. Be careful not to let metal objects get into the equipment. If something does slip into the equipment, unplug the AC adapter from the wall outlet. Then contact your nearest dealer or the store where the equipment was purchased.

Regarding disposal

Do not dispose of this product along with your household trash. By disposing of this product correctly, you can avoid environmental harm or health risk. The correct method of disposal will depend on your locality, so please contact the appropriate local authorities for details.

Important notice

This product has been manufactured according to strict specifications and voltage requirements that are applicable in the country in which it is intended that this product should be used. If you have purchased this product via the internet, through mail order, and/or via a telephone sale, you must verify that this product is intended to be used in the country in which you reside.

WARNING: Use of this product in any country other than that for which it is intended could be dangerous and could invalidate the manufacturer's or distributor's warranty. Please also retain your receipt as proof of purchase otherwise your product may be disqualified from the manufacturer's or distributor's warranty.

MANUAL

GUITAR MINI AMP

PRODUCT NAME: GUITAR MINI AMP

 SWITCH: BT(ON/OFF), CLEAN/DRIVE, POWER ON/OFF
 KNOBS:
 MASTER VOL.: CONTROL THE MASTER VOLUME
 DRIVE VOL.: CONTROL THE DRIVE VOLUME
 TONE: CONTROL THE TONE
 DRIVE: CONTROL THE DRIVE

FCC Warning Statement: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
