

<p>Smart Temp &amp; Hum Sensor User Guide</p>  <p>* Please read this guide carefully before use; * Most functions of this device rely on Tuya Bluetooth gateway.</p>	<p><b>Product parameter</b></p> <table border="1"> <tr><td>Battery</td><td>CR2032 (3.0V)</td></tr> <tr><td>Wireless Type</td><td>Beacon Mesh</td></tr> <tr><td>Operating Temp</td><td>-10 ~ 60°C</td></tr> <tr><td>Operating Humidity</td><td>Max 95% RH</td></tr> <tr><td>FCC ID</td><td>2BLF8-TH04</td></tr> <tr><td>Model</td><td>TH04</td></tr> </table> <p><b>Feature</b></p> <ul style="list-style-type: none"> <li>Comfort level display</li> <li>Humidity accuracy : <math>\pm 5\%</math></li> <li>Supports displaying °C or °F</li> <li>Temperature accuracy: <math>\pm 1^\circ\text{C} / 33.8^\circ\text{F}</math></li> <li>Smart linkage through SmartLife App</li> </ul>	Battery	CR2032 (3.0V)	Wireless Type	Beacon Mesh	Operating Temp	-10 ~ 60°C	Operating Humidity	Max 95% RH	FCC ID	2BLF8-TH04	Model	TH04	<p><b>App Instructions</b></p> <p>1. Download and install App Scan this QR code or search SmartLife to download</p>  <p>For the first use, you need to use your mobile phone number or Email address to register and log in.</p> <p>2. Device configuration and control</p>	<p>a. Install CR2032 battery, pay attention to the <math>+</math> pole; b. If the icon  on the screen does not flash, press and hold the button on the back until it flashes; c. Open the App, click <b>Add Device</b> in the upper right corner, and wait for the App to automatically search for devices; d. Click <b>Add</b> to bind the device;</p>
Battery	CR2032 (3.0V)														
Wireless Type	Beacon Mesh														
Operating Temp	-10 ~ 60°C														
Operating Humidity	Max 95% RH														
FCC ID	2BLF8-TH04														
Model	TH04														

<p>e. Click <b>Done</b> to enter the device control page;</p> <p>f. Click <b>Setting</b> to turn on/off alarm reminders; Low Battery: <math>\le 35\%</math> High Temp: <math>\ge 35^\circ\text{C}/95^\circ\text{F}</math> High Hum: <math>\ge 75\% \text{RH}</math></p> <p>g. Click <b>Smart</b> to quickly create scene linkage;</p> <p>h. You can also click above the temperature and humidity chart to view more detailed curves.</p>	<p><b>FAQ</b></p> <p>a. Comfort (".") refers to: <math>19^\circ\text{C} (66.2^\circ\text{F}) \le \text{Temp} \le 27^\circ\text{C} (80.6^\circ\text{F})</math> <math>40\% \le \text{Humidity} \le 70\%</math>;</p> <p>b. About 5 mins after configuration completed the temp and humidity will be more closer to the environment temperature and humidity;</p> <p>c. Voice Commands for Alexa and Google: (bluetooth gateway is required to configure); OK Google, what is the &lt;device&gt; humidity ? OK Google, what is the &lt;device&gt; temperature ? Alexa, what is the &lt;device&gt; humidity ? Alexa, what is the temperature of &lt;device name&gt; ?</p> <p>d. The sensor is only for household usage;</p> <p>e. Please keep the sensor away from heat source.</p>	<p><b>FCC Warning</b></p> <p>This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.</p> <p>Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.</p> <p><b>Note:</b> This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. There is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none"> <li>Reorient or relocate the receiving antenna.</li> <li>Increase the separation between the equipment and receiver.</li> <li>Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.</li> <li>Consult the dealer or an experienced radio/TV technician for help.</li> </ul> <p>The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restrictions.</p>
