Setup Photos

For BTEK240919001AE

Radiated Spurious Emissions (Below 1GHz)	 A photograph of a Faraday cage test chamber. The chamber walls are covered with a grid of metal mesh. In the center, there is a test fixture with a small device mounted on it. The floor is a polished concrete surface.
Radiated Spurious Emissions (Above 1GHz)	 A photograph of a Faraday cage test chamber. The chamber walls are covered with a grid of metal mesh. In the foreground, there is a large, white, rectangular test fixture with a small screen and a keypad. The floor is a polished concrete surface.
Conducted Emission	 A photograph of a conducted emission test setup. On the left, there is a wooden table with a black microphone mounted on a stand. On the right, there is a white wall with a power outlet. A black power cord is connected to a blue and white electronic device on the floor. The floor is a polished concrete surface.
