Dear FCC,

We have received an updated 'US Agent for Service of Process' letter from the Grantee.

1. Is the address of the agent a valid physical US mailing address (not a US post office box, not a virtual mailbox, not P.O. Boxes, not a vacant lot, not a public building, etc.)

- Yes, based on a Google map search, MiCOM has determined that this is a valid US address and not a US post office box, virtual box, vacant lot, or public building.

2. Is the agent physically located at that valid US address such that the agent can be legally served at that address?

- Based on direct communication with the US agent via email and phone (US area code), MiCOM has reason to believe that the US agent does have an established physical presence at the indicated address and can be legally served at this address.

3. Has the listed agent clearly agreed in writing to serve as the agent for the grantee at that address?

- Yes, the US agent has confirmed the letter in writing via email communication.

The updated 'US Agent for Service of Process' letter has been uploaded to TC841442 and has also been attached here for reference.

Sincerely,

Eileen
