EUT View 6

EUT View 7	 A photograph showing the back of a white electronic device, likely a power supply unit, resting on a blue textured surface. A black ruler is placed horizontally below the device for scale. The ruler has markings in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The device features a central rectangular area with ventilation holes, two small circular ports on the left and right, and a small rectangular label at the bottom.
EUT View 8	 A close-up photograph of the back of the white electronic device. It shows a DC 5V output terminal, which is a small, rectangular, black plastic component. Below the terminal is a white plastic latch or cover. The device has a white plastic housing with ventilation holes on the left and right sides.
