(All technical information is subject to actual performance)

WARRANTY & SERVICE INSTRUCTIONS

Dear Users:

Information and instructions as listed on this pamphlet should be followed carefully. This would ensure a smooth post-sales experience and secure your understandings in legal bindings between ARTTI and you.

Precautions

- Left and right earpieces are marked L and R respectively .

- Please refrain from striking, bumping, soaking or squeezing the earpieces excessively so as to not damage the internal components.
- Earpiece plugs should not be pulled too hard in order to prevent damaging the connectors.
- For your personal safety, please do not use the earphones when driving, cycling, or crossing the street.
- Do not plug in the earphones into power outlets.
- Please do not use the earphones for too long with sustained high volume pressure. Doing so may permanently damage your hearing.
- The filter nozzles can be blocked by earwax after an extended period of time. Please unclog it occasionally to ensure optimal performance of the earphones.
- Please clean your earphones frequently and replace them if it needs to be to protect your hearing.
- Children should be using this product under adult supervision as it is not a toy.

Warranty Clauses

- After-sales service will be available when the end-user produces a legitimate retail invoice and warranty card.
- Product replacement will only be accepted when inspections are completed by an approved ARTTI engineer. Earphones need to be intact, earphone chassis should be free of blemishes and not damaged.
- This product is covered by a 12-month warranty upon purchase date.
- This product is covered by a 7-day product replacement upon purchase date, should the earphone malfunction without user service and the chassis is free of blemishes and not damaged.
- Only the earphone units are covered by this warranty. Accessories and gifts are not included.

Limitation of Service

Should one of the following situation listed below occur, ARTTI is not liable for repair or service:

- Damages or malfunctions caused by shock, bump, drop, bend or other forms of mishandling.
- Malfunction caused by opening up of the earpieces without written permission by ARTTI.
- Malfunctions caused by storing the units in humid environments, in close proximity to strong magnetic sources or submersion under water.
- Faults caused by natural disasters
- Failure to provide proof of warranty, including the warranty card and invoice.

FCC Warning Statement: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
