### light strip Instructions

FCC ID:2BLPX-WM241104

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

MODE +: Dimming mode (7-color cyclic dimming)  
MODE -: Repeat breathing mode key to adjust breathing color (white- red -green- blue- pink -light blue-yellow -automatic dimming breathing)  
DEMO: Repeat flashing mode key to adjust flashing color (white- red- green- blue- pink -light blue -yellow -automatic dimming flashing)  
SPEED+/SPEED -: Adjust the speed of changing the dimming mode, breathing mode, and flashing mode (7-speed adjustment)  
COLOR+/COLOR -: Single color switching  
BRIGHT+/BRIGHT -: Adjust brightness in monochrome mode (7 gears)

#### NOTE

During use, if the light is interfered with by other remote controls or cannot be remotely controlled, you need to perform code matching or cancellation operations. Before executing code matching or cancellation, please turn off the power first and then turn it back on.

How to perform code matching operation: Press and hold the start button on the remote control for 3 seconds within 7 seconds of turning on the power, the light strip flashes 3 times with white light, indicating that the code (remote control) already matched.

How to cancel the matching code : Press and hold the white button on the remote control for 3 seconds within 7 seconds of turning on the power, the light strip flashes 3 times with white light, indicating that the code (remote control) already canceled.

### ⚠ WARNING

- **INGESTION HAZARD:** This product contains a button cell or coin battery.
- **DEATH** or serious injury can occur if ingested.
- A swallowed button cell or coin battery can cause **Internal Chemical Burns** in as little as **2 hours**.
- **KEEP** new and used batteries **OUT OF REACH OF CHILDREN**
- **Seek immediate medical attention** if a battery is suspected to be swallowed or inserted inside any part of the body.

- Remove and immediately recycle or dispose of used batteries according to local regulations and keep away from children. Do NOT dispose of batteries in household trash or incinerate.
- Even used batteries may cause severe injury or death.
- Call a local poison control center for treatment information.
- Battery type: CR2025, 3V
- Non-rechargeable batteries are not to be recharged.
- Do not force discharge, recharge, disassemble, heat above (manufacturer's specified temperature rating) or incinerate. Doing so may result in injury due to venting, leakage or explosion resulting in chemical burns.
- Ensure the batteries are installed correctly according to polarity (+ and -).
- Do not mix old and new batteries, different brands or types of batteries, such as alkaline, carbon-zinc, or rechargeable batteries.
- Remove and immediately recycle or dispose of batteries from equipment not used for an extended period of time according to local regulations.
- Always completely secure the battery compartment. If the battery compartment does not close securely, stop using the product, remove the batteries, and keep them away from children.
- **BATTERY WARNING: KEEP OUT OF REACH OF CHILDREN**
- If you think batteries might have been swallowed or placed inside any part of the body, seek immediate medical attention.

FCC Caution:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception,

which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-- Reorient or relocate the receiving antenna.

-- Increase the separation between the equipment and receiver.

-- Connect the equipment into an outlet on a circuit different

from that to which the receiver is connected.

-- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
