

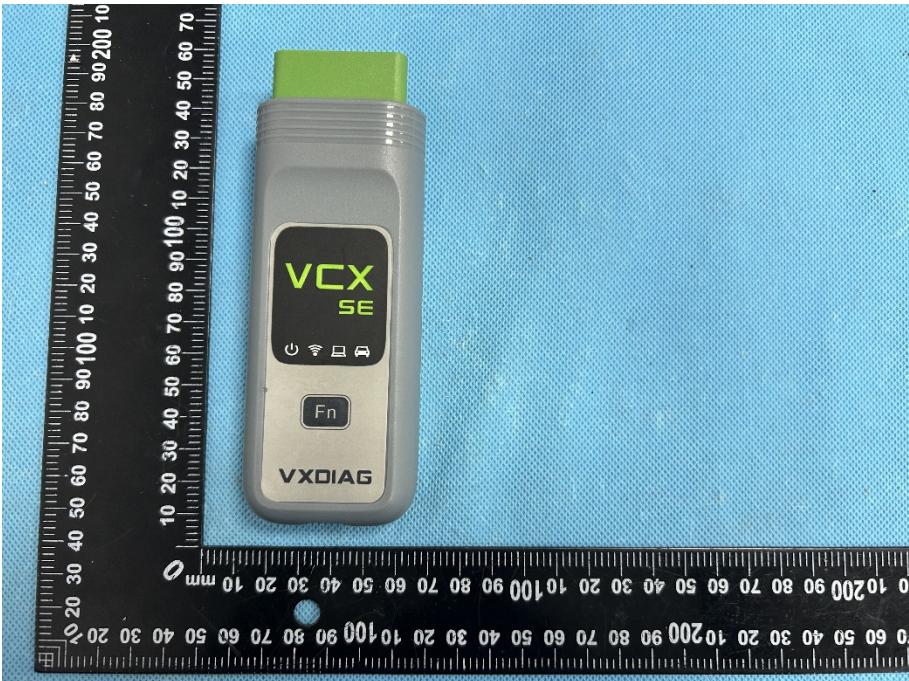

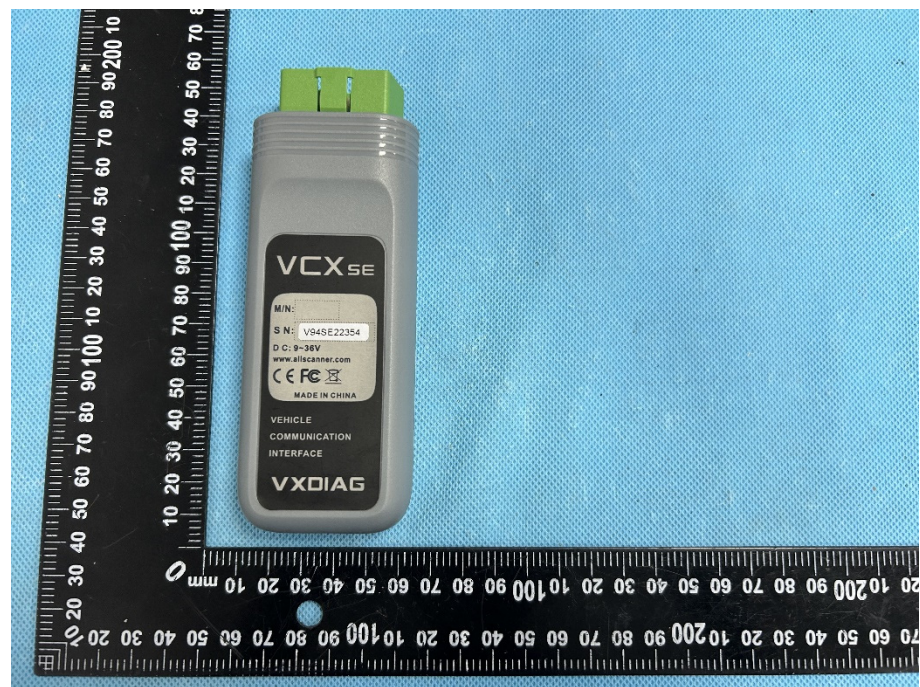

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph showing the VCX SE device, a coiled black USB cable with a green connector, and a separate green connector cable. They are laid out on a blue textured surface next to a black ruler with white markings. The device is a grey rectangular unit with a green top and a small screen displaying 'VCX SE' and some icons. The USB cable has a standard USB-A connector on one end and a green custom connector on the other. The separate cable has a green custom connector on one end and a small white connector on the other.
EUT View 2	 A close-up photograph of the VCX SE device next to a ruler. The device is a grey rectangular unit with a green top and a small screen displaying 'VCX SE' and some icons. The ruler is black with white markings, showing the device's dimensions.
