## **How to use the application**

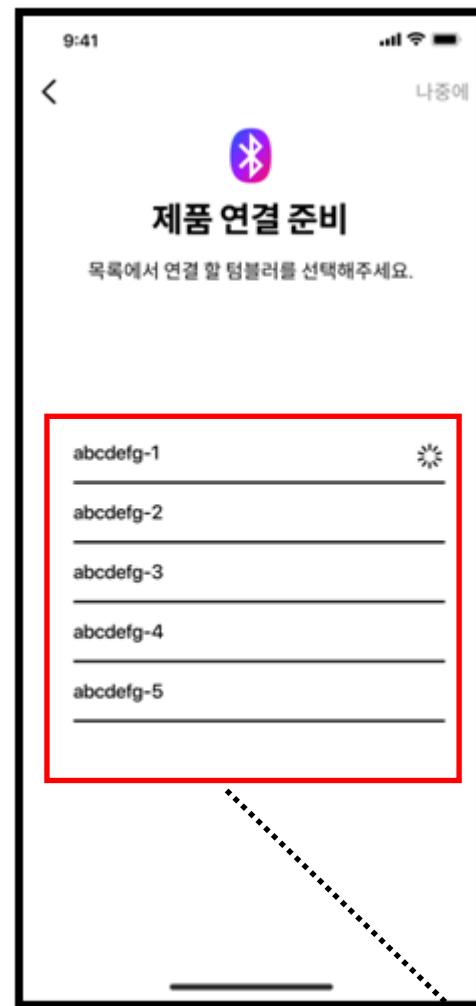

Mobile phone: Wifi must be connected to the Internet

STARHALO App Launched

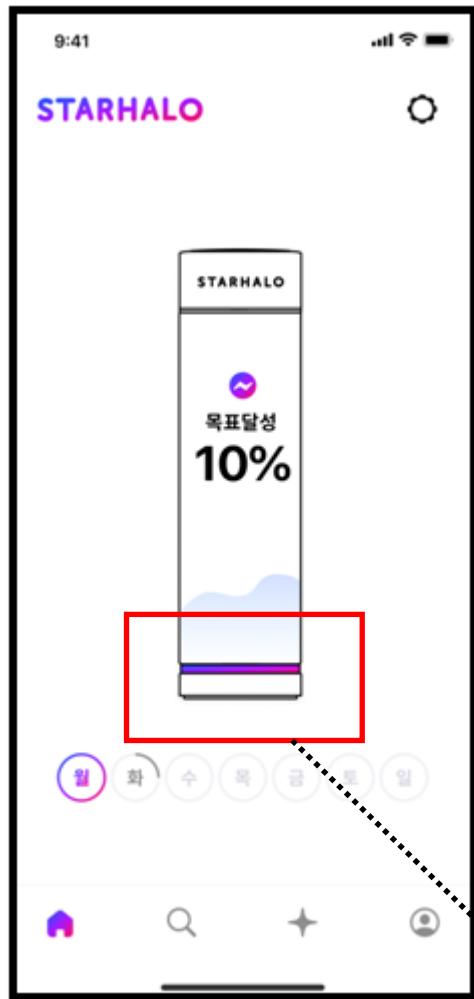

**Smart Bottle: must be charged**

Click Connect

Click on one of the tumbler lists above

You don't take off the LDE part for  
3 seconds Pressing

Each of the setting values Smart while pressing  
it observation of tumbler changes

## **Smart Bottle**

**Model Name: STARHALO Terra**

**Manufacturer: moon moon**

**Address: 5floor, eunha building, 229, Chuncheon-ro,  
Chuncheon-si, Gangwon-do, 24259, Republic of Korea**

**Working Temperature: -10 °C ~ 50 °C**

**Storage Temperature: -10 °C ~ 50 °C**

**POWER: DC 5 V(USB), DC 3.7 V(Battery)**

**Bluetooth: 2402 MHz ~ 2480 MHz**

- Note: Wireless function do not work while charging.

### **- FCC Compliance Statement**

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions : (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

#### RF Exposure Statement

\* This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

#### Industry Canada Statement

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Énoncé d'Industrie Canada (IC)

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Tout changement ou modification non expressément approuvé par la partie chargée de la mise en conformité peut annuler le droit de l'utilisateur à utiliser l'équipement.

Déclaration d'exposition aux RF

Cet équipement est conforme aux limites d'exposition aux rayonnements IC établies pour un environnement non contrôlé.
