INSTALLATION INSTRUCTIONS

SAFETY SYMBOLS

The following warning signs warn you of dangerous situations and their severity:

DANGER!

High Risk, Lethal Hazards, Severe Injuries

WARNING!

Medium Risk, Severe Injuries

CAUTION!

Low Risk, Minor Injuries

NOTE!

Damage to Property

TARGET READERSHIP AND INSTALLER QUALIFICATIONS

Installation must be carried out by qualified professionals.
Repairs should only be performed by trained and qualified persons.

NOTE!

Follow all local installation regulations and country specific voltage and plumbing standards. DO NOT install the intelligent toilet in rooms where there is a danger of frost. The room temperature and water temperature must not be less than 4°C (39 °F).

Condensation may form when the intelligent toilet is brought from a cold location to a warm one. Leave the unit switched off for a few hours before operating.

DANGER!

Risk of fatal electric shock

The appliance must be grounded and plugged into a GFCI outlet.
DO NOT remove individual components from (inside of) the intelligent toilet.
If the unit has a damaged cord or plug, return the product to a service center for repair. The cord or plug may only be changed by qualified personnel.

CAUTION!

DO NOT reuse old hoses. Please use new hoses and included components.
Axent Corp is not liable or responsible for damaged caused by 3rd party components
