Solder Board-Component View 2	 A photograph showing two identical green printed circuit board (PCB) components. Each component has two red wires soldered to its top surface, which terminate in white plastic connectors. The components are placed on a blue textured surface next to a black L-shaped ruler for scale. The ruler has white markings in millimeters and centimeters.
Solder Board-Component View 3	 A photograph showing a green PCB component from a bottom-up perspective. A silver-colored metal component, possibly a connector or a sensor, is mounted on the board. The component has a circular base and a rectangular top section. It is placed on a blue textured surface next to a black L-shaped ruler for scale. The ruler has white markings in millimeters and centimeters.
