CE FCC IC UK CA

## FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Note: The Grantee is not responsible for any changes or modifications not expressly approved by the party responsible for compliance. such modifications could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

**Packing list**

3 motor vibrator \*1  
Inflatable ball\*1  
PUMP\*1  
Air nozzle plug \*2  
Nozzle plug tool \*1  
Remote \*1  
USB Cable\*1  
Instruction Manual\*1

**Specifications**

- Sit-on vibrator with Remote & Inflatable pillow
- 3x(quiet)motors (front,middle and back)
- Inflatable pillow supports weight up to 200 kg
- Remote control(10m)
- 10 vibration modes
- Waterproof(IPX7)
- USB cable magnetic charging
- Vibrator Body safe/silky soft silicone
- Inflatable ball approx 36cm length & 25 cm wide
- Vibrator 23cm length,insertable length 11cm
- Vibrator with Lithium-ion battery 650 mAh
- Charging Time: 1~2 hours
- Working Time: 1~2 hours

- Vibrator 23cm length,insertable length 11cm
- Vibrator with Lithium-ion battery 650 mAh
- Charging Time: 1~2 hours
- Working Time: 1~2 hours

## How to mount install the vibrator onto the Inflatable ball

1. Find the air hole at the bottom of the inflatable ball and inflate it with the inflator until the ball is full as shown in the figure. Insert an air stopper into the air hole and press down to make sure the ball does not leak.

ITEM NO: KSSR007A

2. Find the correct direction of the plastic head under the massager and insert it vertically into the plastic socket of the pillow as shown in Figure 1. Rotate the joint counterclockwise as shown in Figure 2 until the direction of the silicone massager is confirmed as shown in Figure 3. At this point, the installation is complete, and the massager has been firmly combined with the pillow.

## How to mount install the vibrator onto the Inflatable pillow

1. Blow through the air intake or inflate with the air cylinder until the air is filled to the right state

ITEM NO: KSSR007B

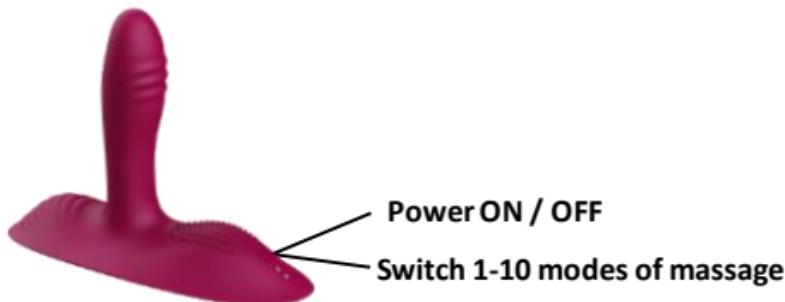

2. Find the correct direction of the plastic head under the massager and insert it vertically into the plastic socket of the pillow as shown in Figure 1. Rotate the joint counterclockwise as shown in Figure 2 until the direction of the silicone massager is confirmed as shown in Figure 3. At this point, the installation is complete, and the massager has been firmly combined with the pillow.

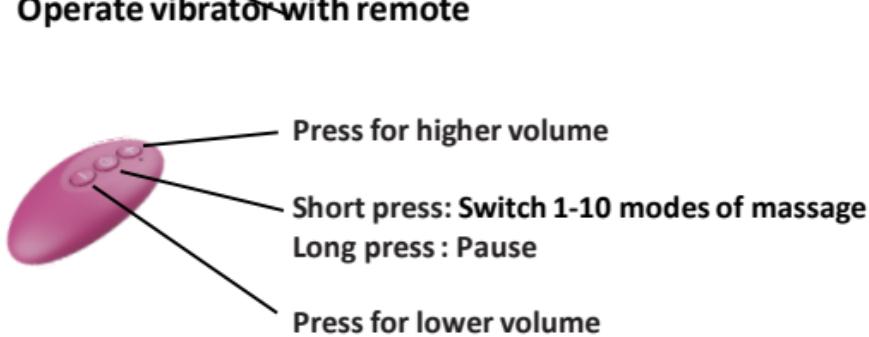

**Before using for the first time, please be sure to fully charge it.**
