Board View 2**

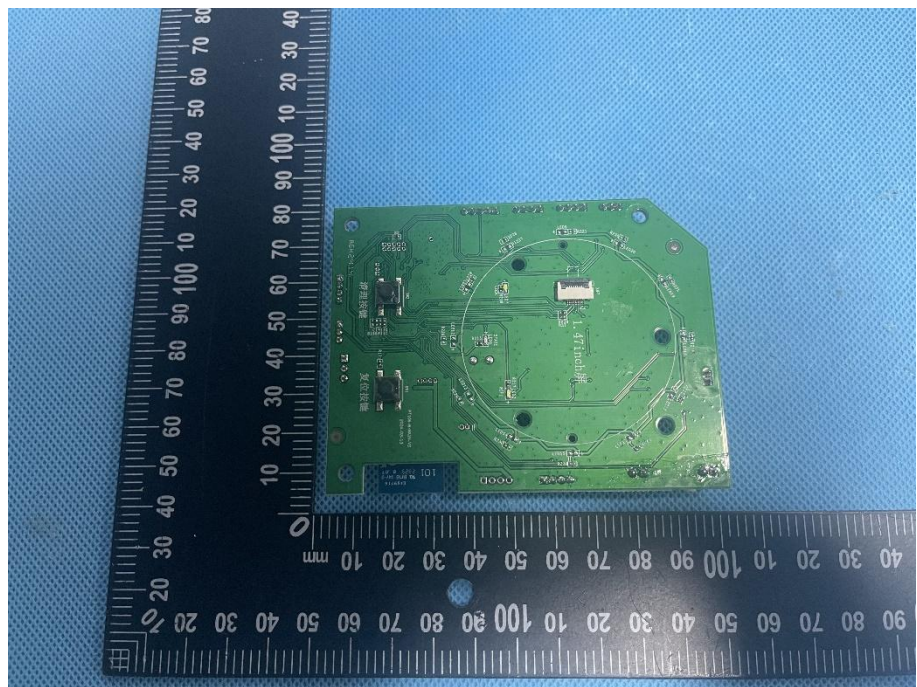

Solder Board-Component View 1	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 1'. The board is rectangular and populated with various electronic components, including a red component on the left, a black integrated circuit in the center, and several white connectors on the right. It is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows measurements from 0 to 100 mm.
Solder Board-Component View 2	 A photograph of the same green PCB component, labeled 'Solder Board-Component View 2', showing the reverse side. The board features several solder joints and components on its underside. It is positioned on a blue textured surface next to a black ruler with white markings in millimeters, showing measurements from 0 to 100 mm.

Solder Board-Component View 3	 A photograph of a small green printed circuit board (PCB) component, labeled 'WTH25X02033836W', positioned on a blue textured surface. The component is oriented horizontally. A black ruler with white markings is placed vertically to the left of the component, showing measurements from 0 to 100 mm. The component is located approximately between the 10 mm and 20 mm marks on the ruler.
Solder Board-Component View 4	 A photograph of the same green PCB component, labeled 'WTH25X02033836W', positioned on a blue textured surface. The component is oriented horizontally. A black ruler with white markings is placed vertically to the left of the component, showing measurements from 0 to 100 mm. The component is located approximately between the 10 mm and 20 mm marks on the ruler.
