

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph showing two white, rectangular electronic components (EUT) placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the components, showing measurements from 0 to 200 mm. The component on the left is taller and has four horizontal lines and two small triangular markings on its surface. The component on the right is shorter and has a single horizontal line. The ruler is also placed horizontally at the bottom of the frame, showing measurements from 0 to 200 mm.
EUT View 2	 A photograph showing a single white, rectangular electronic component (EUT) placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the component, showing measurements from 0 to 200 mm. The component has four horizontal lines and two small triangular markings on its surface. The ruler is also placed horizontally at the bottom of the frame, showing measurements from 0 to 200 mm.

EUT View 3	 A photograph showing the back of a white, rectangular electronic device. The device is placed on a blue textured surface next to a black L-shaped ruler. A small label on the bottom left of the device contains the text: "Model: DD2780H", "Shenzhen Daxin Technology Co., Ltd.", "CE", and "RoHS". The ruler has markings in millimeters and centimeters.
EUT View 4	 A photograph showing the front of the same white, rectangular electronic device. The device is placed on a blue textured surface next to a black L-shaped ruler. The front of the device features four horizontal lines, likely representing buttons or indicators. The ruler has markings in millimeters and centimeters.
