Solder Board-Component View 2	 A photograph of a small, rectangular blue printed circuit board (PCB) component, labeled 'COT806-POWER V1.3', placed on a blue fabric surface. A black ruler with white markings is positioned vertically to the left of the component, showing measurements in millimeters. The component has several soldered connections and a small white label with a triangle and the number '1'.
Solder Board-Component View 3	 A photograph of the same blue PCB component, labeled 'COT806-POWER V1.3', from a different angle. The component is placed on a blue fabric surface, and a black ruler with white markings is positioned vertically to its left. This view shows more of the component's surface, including various electronic components and soldered connections.

Solder Board-Component View 6	
Solder Board-Component View 7	

Solder Board-Component View 8	 A photograph of a blue printed circuit board (PCB) with various electronic components, including a large black integrated circuit, a USB connector, and several smaller components. The board is placed on a blue surface next to a black ruler with white markings in millimeters. The ruler shows measurements from 0 to 100 mm.
Antenna View 1	433.92MHz Antenna  A photograph of the back of the blue PCB, showing the antenna assembly. A red box highlights the antenna component, and a red line points from the text "433.92MHz Antenna" to it. The PCB has various labels, including "DO7006-POWER V1.3", "2022.9.1", "P01S", "93 94V-0", "ZKH-2", "501358", and "P0C 103".
